SUBJECT: TERRORIST THREAT WARNING SYSTEM IN THE UNITED STATES -
DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA
OLYMPICS.

THE ATTORNEY GENERAL OF THE UNITED STATES APPROVED THE FBI'S
TERRORIST THREAT WARNING SYSTEM ON 10/13/89. UNDER ITS AUTHORITY
AS THE LEAD FEDERAL LAW ENFORCEMENT AGENCY IN COMBATING TERRORISM

b6
b7C
b7E

IN THE UNITED STATES, THE FBI MANAGES THIS SYSTEM TO ENSURE THAT VITAL INFORMATION REGARDING TERRORISM REACHES THOSE IN THE U.S. COUNTERTERRORISM AND LAW ENFORCEMENT COMMUNITY RESPONSIBLE FOR COUNTERING TERRORIST THREATS. THIS SYSTEM ALSO ENSURES THAT THE THREAT MESSAGES ARE COORDINATED WITH U.S. INTELLIGENCE COMMUNITY MEMBERS BEFORE FINAL DISSEMINATION.

EACH MESSAGE TRANSMITTED UNDER THIS SYSTEM IS EITHER AN ALERT, AN ADVISORY, OR AN ASSESSMENT: AN ALERT IF THE TERRORIST THREAT IS CREDIBLE AND SPECIFIC; AN ADVISORY IF THE THREAT IS CREDIBLE BUT GENERAL IN BOTH TIMING AND TARGET; AN ASSESSMENT TO IMPART FACTS AND/OR THREAT ANALYSIS CONCERNING TERRORISM.

THE FOLLOWING MESSAGE IS AN FBI TERRORIST THREAT ASSESSMENT ON THE DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS. IT IS CLASSIFIED "~~SECRET/ORCON~~" AND THEREFORE MAY NOT BE FURTHER DISSEMINATED WITHOUT THE APPROVAL OF THE NATIONAL SECURITY DIVISION, FBI HEADQUARTERS, WASHINGTON, D.C.

THIS ASSESSMENT IS DIVIDED INTO FOUR SECTIONS: KEY JUDGMENTS, THREAT OVERVIEW AND SECURITY PRECAUTIONS, DOMESTIC THREAT, AND INTERNATIONAL THREAT. THE ASSESSMENT WILL BE UPDATED AS NECESSARY BEFORE THE ATLANTA OLYMPICS BEGIN.

A. KEY JUDGMENTS

1. THE THREAT TO THE ATLANTA OLYMPICS FROM KNOWN DOMESTIC TERRORIST GROUPS IN THE UNITED STATES IS LOW AT THIS TIME.

2. THE THREAT TO THE ATLANTA OLYMPICS FROM STATE SPONSORS OF INTERNATIONAL TERRORISM OR KNOWN INTERNATIONAL TERRORIST GROUPS IN THE UNITED STATES IS LOW AT THIS TIME.

3. [REDACTED]

INDICATED THAT [REDACTED]

[REDACTED] HOWEVER, ONGOING

INVESTIGATION BY THE FBI SINCE THE INITIAL SOURCE REPORTING HAS REVEALED NO EVIDENCE OF ANY SUSPICIOUS ACTIVITY. NO [REDACTED]

[REDACTED] HAS BEEN DETECTED IN ATLANTA [REDACTED]

4. DESPITE THE OVERALL LOW EVALUATION OF THREAT AT THIS TIME, THE OUTCOME OF PENDING JUDICIAL ACTIONS (TRIALS OF [REDACTED] [REDACTED] AND OTHERS) COULD EASILY INFLUENCE THE INTENTIONS OF TERRORISTS OPERATING IN THE UNITED STATES.

5. THE THREAT TO THE ATLANTA OLYMPICS FROM UNIDENTIFIED INDIVIDUALS OR LOOSELY-KNIT GROUPS--EITHER DOMESTIC OR INTERNATIONAL--IS UNKNOWN.

b7D

b6
b7C

6. SECURITY AND LAW ENFORCEMENT PRECAUTIONS WILL BE ENHANCED TO COUNTER ANY TERRORIST THREAT THAT MAY DEVELOP BEFORE OR DURING THE GAMES.

B. THREAT OVERVIEW AND SECURITY PRECAUTIONS #####

THE ATLANTA OLYMPICS COULD BE VIEWED BY DOMESTIC AND INTERNATIONAL TERRORISTS IN THE UNITED STATES AS AN APPEALING TARGET. OVER 16,500 ATHLETES AND OFFICIALS FROM 200 COUNTRIES ARE EXPECTED TO PARTICIPATE. THE GAMES ARE EXPECTED TO DRAW OVER 361,000 VISITORS TO ATLANTA EACH DAY AND ATTRACT AN INTERNATIONAL TELEVISION AUDIENCE OF OVER THREE BILLION. IN ADDITION, THE OLYMPICS OFFER A VARIETY OF WESTERN, SECULAR ARAB, AND ISRAELI TARGETS WHICH COULD TEMPT INTERNATIONAL TERRORISTS IN THE UNITED STATES. THE OLYMPICS BRING TOGETHER A DENSE CONCENTRATION OF PEOPLE TO INCLUDE SPECTATORS, POLITICIANS, AND ATHLETES, MANY OF WHOM ARE NOT SECURITY CONSCIOUS. ALTHOUGH EXTREMELY UNLIKELY,

MASS CASUALTIES ARE POSSIBLE IN DENSELY PACKED ARENAS OR

TRAVEL OR OTHER ROUTINES DURING THE GAMES) COULD ALSO BE SELECTED.

AS AN OPEN SOCIETY, THE UNITED STATES OFFERS A RELATIVELY EASY OPERATIONAL ENVIRONMENT FOR TERRORISTS TO RAISE FUNDS, RECRUIT MEMBERS, ESTABLISH SAFE HOUSES, PROCURE WEAPONS, CONDUCT PARAMILITARY TRAINING, AND ACQUIRE TARGETING INFORMATION. THE OLYMPICS IS A GLOBAL EVENT WHICH COMMANDS WORLDWIDE MEDIA AND POPULAR ATTENTION. A SUCCESSFUL ACT OF TERRORISM WOULD CAUSE SIGNIFICANT EMBARRASSMENT FOR THE UNITED STATES AND COULD AFFECT THE 1996 PRESIDENTIAL RACE. THIS MAY BE PARTICULARLY SIGNIFICANT MOTIVATION FOR INTERNATIONAL RADICAL FUNDAMENTALIST (IRF) SUBJECTS, OR "LOOSELY-AFFILIATED" EXTREMISTS WHO HAVE NO SPECIFIC POLITICAL DEMANDS, BUT SIMPLY SEEK TO PUNISH THE UNITED STATES OR SEEK REVENGE FOR PAST PERCEIVED INJUSTICES. A SUCCESSFUL ACT OF TERRORISM MAY CAUSE FRICTION BETWEEN THE UNITED STATES AND A FOREIGN COUNTRY IF THAT COUNTRY BELIEVED THE UNITED STATES DID NOT PROVIDE ADEQUATE SECURITY FOR FOREIGN ATHLETES. AGAIN, THIS MAY BE PARTICULARLY SIGNIFICANT FOR IRF SUBJECTS OR TERRORISTS WHO SEEK TO ALIENATE THE UNITED STATES FROM OTHER COUNTRIES.

ON THE OTHER HAND, TERRORISTS WHO ATTACK INNOCENT CIVILIANS AND/OR ATHLETES DURING A "GOODWILL" EVENT SUCH AS THE OLYMPICS

MAY GENERATE MORE DOMESTIC AND INTERNATIONAL HOSTILITY THAN SYMPATHY FOR THEIR CAUSE, ESPECIALLY IF MASS CASUALTIES ARE INFLICTED. WHILE SECURITY IN THE UNITED STATES GENERALLY IS RELAXED, THE SIGNIFICANT LAW ENFORCEMENT PRESENCE AND STRINGENT SECURITY MEASURES AT SPECIFIC OLYMPICS SITES MAY BE DIFFICULT TO OVERCOME (SEE BELOW). STATE SPONSORS AND FORMAL TERRORIST GROUPS MAY RISK INCREASED SANCTIONS, CRACKDOWNS, MILITARY REPRISALS, OR OTHER RESPONSES IF THEY ARE TIED DIRECTLY TO AN ATTACK. ADVANCED FORENSIC, INTELLIGENCE, AND INVESTIGATIVE TECHNIQUES USED TO HELP SOLVE THE PAN AM 103, WORLD TRADE CENTER, AND OKLAHOMA CITY BOMBINGS MAY HAVE DEMONSTRATED THAT THE LIKELIHOOD OF EXECUTING AN ATTACK AND THEN SUCCESSFULLY ESCAPING IS SMALL.

A LARGE FEDERAL, STATE, AND LOCAL LAW ENFORCEMENT PRESENCE WILL BE ON-SCENE DURING THE OLYMPICS TO COUNTER ANY TERRORIST THREAT OR OTHER CRIMINAL VIOLENCE WHICH MAY ARISE.

PRIMARY RESPONSIBILITY FOR INVESTIGATING TERRORIST ACTS, BOTH ACTUAL AND POTENTIAL, LIES WITH THE FBI'S ATLANTA OLYMPIC JOINT TERRORIST TASK FORCE (AOJTTF), COMPRISED OF REPRESENTATIVES FROM THE FBI; THE BUREAU OF ALCOHOL, TOBACCO, AND FIREARMS (ATF); DEFENSE CRIMINAL INVESTIGATIVE SERVICE (DCIS); IMMIGRATION AND

IN ADDITION, A SPECIALIZED, FBI-OPERATED CENTER CALLED THE OLYMPIC INTELLIGENCE CENTER (OIC) WILL FUNCTION AS A CENTRAL REPOSITORY AND CLEARINGHOUSE FOR ALL OLYMPIC RELATED INTELLIGENCE INFORMATION. THE OIC'S MISSION IS TO COORDINATE A MULTI-AGENCY SYSTEM THAT WILL COLLECT, ANALYZE, PRODUCE, AND DISSEMINATE INTELLIGENCE INFORMATION RELATED TO TERRORISM, PUBLIC DISORDER, AND CRIMINAL ACTIVITY. SEVERAL OTHER AGENCIES ARE ALSO INVOLVED IN THE SECURITY EFFORT. FOR EXAMPLE, THE U.S. COAST GUARD IS WORKING CLOSELY WITH ACOG TO PROVIDE SECURITY AROUND THE OLYMPIC YACHT RACING AREAS. THESE RACES WILL BE HELD ON THE ATLANTIC OCEAN EAST OF SAVANNAH.

IN ADDITION, THE FBI IS CURRENTLY WORKING CLOSELY WITH THE GBI AND ACOG TO ADDRESS ONGOING ACCREDITATION NEEDS. BY THE BEGINNING OF THE OLYMPIC GAMES, IT IS EXPECTED THAT OVER 100,000 PEOPLE WILL BE ACCREDITED. THIS INCLUDES ALL PEOPLE WITH ACCESS TO OLYMPIC VENUES, INCLUDING THE ATHLETES, MEDIA, CONSTRUCTION WORKERS, VENDORS, ETC.

THE FBI, THE PUBLIC HEALTH SERVICE, THE DEPARTMENT OF DEFENSE, THE DEPARTMENT OF ENERGY, THE FEDERAL EMERGENCY MANAGEMENT AGENCY, AND OTHERS ARE WORKING IN ATLANTA AND AT THE HEADQUARTERS LEVEL TO ADDRESS PREPAREDNESS FOR ANY CHEMICAL, BIOLOGICAL, OR RADIOLOGICAL ATTACK.

THE FBI IS ALSO WORKING CLOSELY WITH THE BUREAU OF CONSULAR AFFAIRS, U.S. DEPARTMENT OF STATE (DOS); BUREAU OF DIPLOMATIC SECURITY, DOS; THE IMMIGRATION AND NATURALIZATION SERVICE; AND OTHER INTELLIGENCE COMMUNITY AGENCIES CONCERNING VISA ISSUANCE AND THE USE OF THE OLYMPIC IDENTIFICATION CARD FOR FOREIGN NATIONALS PARTICIPATING IN THE GAMES.

WORKING CLOSELY WITH THE DEPARTMENT OF TRANSPORTATION, THE FEDERAL AVIATION ADMINISTRATION, AND OTHERS, AIRPORT SECURITY AND PORT SECURITY IS ALSO BEING ENHANCED.

SUBJECT: TERRORIST THREAT WARNING SYSTEM IN THE UNITED STATES -
DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA
OLYMPICS.

SWORD, AND ARM OF THE LORD. IT APPEARS THAT MEMBERS OF THESE
EARLIER GROUPS WHO WERE CONVICTED OF CRIMES IN THE 1980s HAVE

b6
b7C
b7E

PLAYED AN INSTRUMENTAL ROLE IN THE EMERGENCE OF THE PRESENT MILITIA MOVEMENT.

THE STANDOFF AT THE RUBY RIDGE, IDAHO, CABIN OF [REDACTED] [REDACTED] IN AUGUST, 1992, AND THE FIRE AT THE BRANCH DAVIDIAN COMPOUND IN WACO, TEXAS, IN FEBRUARY, 1993, ARE CITED FREQUENTLY BY ANTI-GOVERNMENT PROPONENTS AND MILITIA MEMBERS AS SOME OF THE BASIS FOR THEIR IRE. THE MILITIA MOVEMENT VIEWS FEDERAL LAWS ENACTED IN 1993 AND 1994 REQUIRING A WAITING PERIOD FOR HANDGUN PURCHASES AND OUTLAWING CERTAIN AUTOMATIC "ASSAULT" WEAPONS AS FURTHER PROOF THAT THE FEDERAL GOVERNMENT IS CLAMPING DOWN ON INDIVIDUAL RIGHTS.

b6
b7C

THE MILITIA MOVEMENT IS COMPRISED OF PEOPLE WHO BELIEVE THAT THE U.S. GOVERNMENT IS PART OF A CONSPIRACY TO CREATE A UNITED NATIONS (U.N.)-LED NEW WORLD ORDER. IN SOME MILITIAS, HATE GROUPS HAVE FORGED A GROWING INFLUENCE, PUSHING RACIST, ANTI-SEMITIC, AND ANTI-GAY PHILOSOPHY. MILITIA SUPPORTERS ARE TYPICALLY WHITE, LOW-INCOME INDIVIDUALS WHO ARE DISENCHANTED WITH THE ECONOMIC AND MORAL STATE OF AMERICAN SOCIETY AND THEIR PLACE IN THAT SOCIETY. ALTHOUGH THE INTERNATIONAL OLYMPIC COMMITTEE IS THE GOVERNING BODY FOR THE ATLANTA GAMES--AND THUS COULD BE PERCEIVED BY THE MILITIAS AS ANOTHER EXAMPLE OF ONE-WORLD

GOVERNMENT INVADING THE UNITED STATES--ANTI-OLYMPICS SENTIMENT DOES NOT SEEM TO BE PART OF THE MILITIA RHETORIC.

CURRENT FBI INVESTIGATION OF DOMESTIC TERRORIST GROUPS--INCLUDING ORGANIZED MILITIA GROUPS SUCH AS THE TIMBERWOLF BRIGADE--IN THE UNITED STATES HAS REVEALED NO THREAT TO THE OLYMPIC GAMES.

HOWEVER, PERHAPS A GREATER THREAT EXISTS FROM INDIVIDUALS WITH PHILOSOPHIES SIMILAR TO THOSE SHARED BY ORGANIZED MILITIAS. THE MILITIAS' ANTI-GOVERNMENT CONSPIRACY THEORIES HAVE INSPIRED INDIVIDUAL OR LOOSELY-KNIT FOLLOWERS TO TAKE UP ARMS AGAINST FEDERAL, STATE, AND LOCAL GOVERNMENT AUTHORITIES.

IN ADDITION, THERE IS CONCERN OVER THE POTENTIAL FOR CIVIL UNREST AND/OR RIOTS DURING THE GAMES. FOR EXAMPLE, IF THE KU KLUX KLAN AND LOCAL SKINHEADS RALLY IN ATLANTA DURING THE OLYMPIC GAMES AND AN OPPOSING GROUP STAGES A SIMULTANEOUS COUNTER-PROTEST, VIOLENCE MAY OCCUR, RESULTING IN DISRUPTION OF THE GAMES AND EXTENSIVE PROPERTY DAMAGE. THE AOJTTF HAS INFORMATION THAT

[REDACTED]
[REDACTED] DURING THE

b7D

OLYMPICS [REDACTED] EXPECTS MOUNTING RACIAL TENSIONS TO ERUPT INTO VIOLENCE. ALTHOUGH VIOLENT PROTEST AND CIVIL UNREST MAY NOT CONFORM TO THE STRICT DEFINITION OF TERRORISM AND MOST LIKELY WILL NOT OCCUR IN ATLANTA NEXT SUMMER, THIS TYPE OF DOMESTIC THREAT CANNOT BE IGNORED.

THE ISSUE OF STREET CRIME IN ATLANTA DURING THE OLYMPICS IS NOT ADDRESSED IN THIS ASSESSMENT. SINCE THE LEVEL OF STREET CRIME FLUCTUATES RAPIDLY, THAT ISSUE WILL BE ADDRESSED IN SUBSEQUENT UPDATES.

D. INTERNATIONAL THREAT

THE THREAT TO THE ATLANTA OLYMPICS FROM STATE SPONSORS OF TERRORISM OR KNOWN INTERNATIONAL TERRORISTS IN THE UNITED STATES IS LOW. WHILE ALL THE STATE SPONSORS OF TERRORISM (SUCH AS IRAN, IRAQ, SYRIA, LIBYA, AND SUDAN), MANY TRADITIONAL INTERNATIONAL TERRORIST GROUPS (SUCH AS HAMAS AND HIZBALLAH), AND LOOSELY KNIT IRF GROUPS (SUCH AS [REDACTED] ALLEGEDLY LED IN NEW YORK AND

Synopsis: International Security Conference, Atlanta, Georgia.

Details: On 10/24/95, writer contacted SA [REDACTED] Atlanta, Special Events Management, concerning the International Security Conference. [REDACTED] advised that this conference is designed for major foreign delegations such as Nagano, Japan; Sidney, Australia; and other foreign delegations which plan to hold major events in the near future. [REDACTED] further advised that at this time there was no plan to invite representatives from Salt Lake City to attend. However, [REDACTED] was not ruling out attendance by a Salt Lake City delegation. Stevens did recommend that representatives from the Salt Lake City FBI office attend.

At this time, no date or agenda was set for the conference. [REDACTED] would know by Christmas the particulars concerning the conference. Writer requested that [REDACTED] set aside a week for the Salt Lake City Law Enforcement Delegation to visit Atlanta prior to the Atlanta games. [REDACTED] said that would be possible and recommended that the Salt Lake City Law Enforcement Delegation consider February, 1996.

[REDACTED] further advised that housing for the Salt Lake City delegation during the Atlanta Games would be made available in the Georgia Training Facility for six-day increments free of charge. [REDACTED] would send to writer the necessary application forms for this lodging.

Synopsis: Olympic Planning Committee Meeting 11/8/95

Details: On 11/8/95, writer attended the Olympic Planning Committee Meeting at the Oxbox Jail facility. Concerning the International Security Conference in Atlanta, writer explained that there was a misunderstanding between SA [REDACTED] and the Salt Lake City Office. At this time, the conference was set up for foreign delegations. There were no plans for a delegation from Salt Lake City to attend. Writer would stay in touch with SA [REDACTED] concerning any possibility for one or two Salt Lake City representatives to attend the conference.

Committee members decided that it was important to attempt to secure one or two slots at this conference, as well as plan to set aside one week in Atlanta prior to the Atlanta Games.

Writer volunteered to be a member on the research sub-committee. Writer anticipates to be appointed to chair the intelligence sub-committee.

THREAT IS CREDIBLE AND SPECIFIC; AN ADVISORY IF THE THREAT IS CREDIBLE BUT GENERAL IN BOTH TIMING AND TARGET; AN ASSESSMENT TO IMPART FACTS AND/OR THREAT ANALYSIS CONCERNING TERRORISM.

~~(S/OC)~~.

THE FOLLOWING IS ANOTHER IN A SERIES OF FBI TERRORIST THREAT ASSESSMENTS ON THE DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS. ON 8/31/95, THE FBI DISSEMINATED THE FIRST ASSESSMENT ON THIS ISSUE. THAT ASSESSMENT WAS UPDATED AND RE-ISSUED ON 10/26/95. THIS ASSESSMENT IS INTENDED TO SUPPLEMENT, NOT REPLACE, THE EARLIER PRODUCTS. ~~(S/OC)~~.

(U)

THIS ASSESSMENT IS DIVIDED INTO FOUR SECTIONS: KEY JUDGMENTS, UPDATE TO EARLIER ASSESSMENTS, THE THREAT FROM CRIMINAL STREET GANGS, AND THE THREAT TO TRANSPORTATION. THE TRANSPORTATION SECTION OF THE ASSESSMENT RESPONDS TO A SPECIFIC REQUEST FROM THE U.S. DEPARTMENT OF TRANSPORTATION FOR INFORMATION REGARDING THE THREAT TO TRANSPORTATION SYSTEMS AND INFRASTRUCTURE IN THE ATLANTA AREA. ~~(S/OC)~~.

KEY JUDGMENTS (U)

(U)

1. THE THREAT TO THE ATLANTA OLYMPICS FROM KNOWN DOMESTIC TERRORIST GROUPS, FROM STATE SPONSORS OF INTERNATIONAL TERRORISM, OR KNOWN INTERNATIONAL TERRORIST GROUPS IN THE UNITED STATES IS STILL ASSESSED AS LOW AT THIS TIME. ~~(S/OC)~~.

(U)

2. MEMBERS OF ATLANTAS CRIMINAL STREET GANGS WILL LOOK UPON THE OLYMPICS PRIMARILY AS AN ECONOMIC OPPORTUNITY TO BE CRIMINALLY EXPLOITED (E.G., VIA DRUG DEALING, AUTO THEFT, AND PURSE SNATCHING), NOT AS AN INTERNATIONAL STAGE ON WHICH TO ENACT POLITICALLY INSPIRED VIOLENCE. ~~(C/OC)~~.

(U) 3. ALTHOUGH OPEN AND VULNERABLE TO TERRORIST ATTACK, TRANSPORTATION SYSTEMS TO BE USED IN AND AROUND ATLANTA DURING THE OLYMPICS HAVE INCREASED SECURITY AND ARE PREPARED TO REACT QUICKLY IF AN INCIDENT OCCURS. CURRENTLY, THE FBI AND THE U.S. INTELLIGENCE COMMUNITY POSSESS NO INFORMATION THAT ATLANTAS TRANSPORTATION SYSTEMS HAVE BEEN TARGETED FOR ATTACK DURING THE GAMES BY EITHER DOMESTIC OR INTERNATIONAL TERRORISTS IN THE UNITED STATES. ~~(S/OC)~~.

DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS (U).

THE FBI CURRENTLY HAS NO SPECIFIC INFORMATION TO INDICATE ANY OF [] FOLLOWERS OR OTHER INTERNATIONAL RADICAL FUNDAMENTALISTS (IRF) IN THE UNITED STATES ARE PLANNING TO CARRY OUT SPECIFIC ACTS OF VIOLENCE AGAINST THE ATLANTA OLYMPICS IN RETALIATION FOR [] SENTENCING. NEITHER HIS ARREST ON 7/2/93, HIS INDICTMENT ON 8/25/93, THE BEGINNING OF HIS TRIAL ON 1/9/95, NOR HIS CONVICTION ON 10/1/95 PRODUCED ANY KNOWN VIOLENT REACTION. HOWEVER, A VIOLENT REACTION IN THE UNITED STATES OR OVERSEAS AGAINST U.S. INTERESTS IS POSSIBLE. ~~(C)~~.

(U) FBI ANALYSIS INDICATES THE GUILTY VERDICT AND SUBSEQUENT SENTENCING IN THE TERRSTOP TRIAL GREATLY ENHANCES THE POTENTIAL FOR [] FOLLOWERS, AND OTHER RADICAL FUNDAMENTALISTS, TO INITIATE TERRORIST OPERATIONS AGAINST U.S. INTERESTS WORLDWIDE. ~~(S)~~.

(U) THE POSSIBILITY OF A VIOLENT REACTION TO THE SENTENCING PROBABLY INCREASED DUE TO THE INFLAMMATORY STATEMENTS [] MADE DURING A 90-MINUTE SPEECH AT HIS COURT APPEARANCE ON 1/17/96. [] CALLED THE UNITED STATES "AN INFIDEL

THE THREAT FROM CRIMINAL STREET GANGS (U)

THE EARLIER FBI ASSESSMENTS STATED THAT THE ISSUE OF STREET CRIME AND ITS IMPACT ON THE ATLANTA OLYMPICS WOULD BE ADDRESSED IN SUBSEQUENT UPDATES. WHILE STREET CRIME AND VIOLENCE COMMITTED BY CRIMINAL STREET GANGS DOES NOT CONFORM TO THE DEPARTMENT OF JUSTICE/FBI DEFINITION OF TERRORISM ("THE UNLAWFUL USE OF FORCE

~~SECRET~~

~~SECRET~~

OR VIOLENCE AGAINST PERSONS OR PROPERTY TO INTIMIDATE OR COERCE A GOVERNMENT, THE CIVILIAN POPULATION, OR ANY SEGMENT THEREOF, IN FURTHERANCE OF POLITICAL OR SOCIAL OBJECTIVES"), THESE ISSUES MUST BE ASSESSED IF AN ACCURATE ESTIMATE OF OVERALL THREAT TO THE ATLANTA OLYMPICS IS DESIRED. ~~(C/OC)~~.

(U) MANY OF THE COMPETITION VENUES, OLYMPIC VILLAGES, AND PRACTICE SITES ARE LOCATED WITHIN A THREE-MILE WIDE OLYMPIC RING IN DOWNTOWN ATLANTA. SEVERAL OF THE SITES ARE IN LOCATIONS WHICH ARE KNOWN AS HIGH-CRIME AREAS. THE MAIN OLYMPIC VILLAGE IS ACROSS THE STREET FROM A HIGH-CRIME AREA FREQUENTED BY LOCAL CRIMINAL STREET GANGS. ORDINARY CRIMINAL ACTIVITY HAS THE POTENTIAL TO ADVERSELY IMPACT THE SECURITY OF THE OLYMPIC GAMES.

DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS (U) .

THE FBI-OPERATED OLYMPIC INTELLIGENCE CENTER (OIC) WILL DISSEMINATE OLYMPIC-RELATED INTELLIGENCE INFORMATION (INCLUDING INTELLIGENCE ON OLYMPIC-RELATED CRIMINAL STREET GANG ACTIVITY AND DOMESTIC/INTERNATIONAL TERRORISM) TO LAW ENFORCEMENT AGENCIES AND OLYMPIC VENUE MANAGERS DURING THE OLYMPICS. IN NOVEMBER, 1995, THE FBI CREATED A CRIME INTELLIGENCE SQUAD OPERATING WITHIN THE OIC. THE SQUADS MISSION IS TO IDENTIFY MAJOR CRIME PROBLEMS PRIMARILY WITHIN THE OLYMPIC RING. AN INTELLIGENCE BASE WILL BE DEVELOPED WHICH WILL IDENTIFY PRIORITY RACKETEERING ENTERPRISE INVESTIGATIONS FOCUSING ON VIOLENT CRIMINALS AND DRUG TRAFFICKERS. (S/OC) .

~~(C/OC)~~ .

STREET GANGS ARE A CRIMINAL CONCERN IN THE ATLANTA AREA, AND THE CRIMES THE GANGS COMMIT COULD HAVE AN IMPACT ON THE SUMMER GAMES. INTELLIGENCE SOURCES INDICATE THAT VIOLENT CRIMINAL YOUTH GANGS--OR "STREET GANGS"--CONTINUE TO BE ACTIVE IN THE ATLANTA AREA, AND THAT THE MAJORITY OF JUVENILES WHO COMMIT CRIMES ARE MEMBERS OF GANGS. ALTHOUGH SOME OF THE CRIMINAL ACTIVITY IN WHICH ATLANTA AREA STREET GANGS ENGAGE IS DRUG-RELATED, STATISTICS SHOW THAT THE MOST FREQUENT TYPES OF JUVENILE CRIME ARE (IN DESCENDING ORDER), LARCENY, AGGRAVATED ASSAULT, BURGLARY, AND MOTOR VEHICLE THEFT. (U) .

CRIMINAL GANGS IN THE UNITED STATES TRADITIONALLY BELONG TO EITHER THE FOLK OR PEOPLE ALLIANCE. BOTH ALLIANCES WERE FORMED IN THE 1970s IN THE PRISON SYSTEM BY INCARCERATED INDIVIDUALS WHO COALESCED TO SEEK PROTECTION. BITTER RIVALS, BOTH GANG ALLIANCES CONTAIN BLACK, WHITE, AND HISPANIC STREET GANGS. THE FOLK GANG MEMBERS OFTEN WEAR THE COLOR BLUE AND MAY WEAR OTHER IDENTIFIERS (SUCH AS AN EARRING, A ROLLED UP PANT LEG, OR A TILTED CAP) ON THE RIGHT SIDE OF THE BODY; THEY USE A SIX-POINT STAR AND A PITCHFORK POINTING UP IN THEIR GANG GRAFFITI. THE PEOPLE GANGS

~~SECRET~~

MAY BE IDENTIFIED BY THE COLOR RED AND OTHER IDENTIFIERS WORN ON THE LEFT; THEY USE A FIVE-POINT STAR AND A PITCHFORK POINTING DOWN IN THEIR GRAFFITI. (U).

GANG MEMBERSHIP IN ATLANTA CROSSES ALL BOUNDARIES OF AGE, SEX, RACE, AND ECONOMIC STATUS. GANGS IN THE ATLANTA AREA INCLUDE THE CRIPS (ASSOCIATED WITH THE FOLK ALLIANCE), THE BLOODS (PART OF THE PEOPLE ALLIANCE), VIETNAMESE GANGS, AND LAOTIAN GANGS. (U).

FOR EXAMPLE, ACCORDING TO FBI INTELLIGENCE, ASIAN GANGS OPERATING IN ATLANTA INCLUDE THE HIP SING ASSOCIATION, THE LOP LAM GANG, AND THE SOUTHEASTERN LAOTIAN GANG NETWORK (SLGN). THE SLGN HAS FACTIONS IN GEORGIA, SOUTH CAROLINA, NORTH CAROLINA, AND ALABAMA. THE SLGN IS COMPRISED OF ABOUT 275 MEMBERS WHO RANGE IN AGE FROM 10-18 YEARS. A FEDERAL INDICTMENT IN APRIL, 1996, IN ATLANTA CHARGED 20 ALLEGED MEMBERS OF THE VIETNAMESE "LOC LAM"

DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS (U) .

GANG WITH EXTORTION RACKETS. TO ENFORCE PAYOFFS, THE GANG RESORTED TO ROBBERY, ASSAULT, AND MURDER. LOC LAM, SLGN, AND OTHER ASIAN GANG MEMBERS TYPICALLY ENGAGE IN CRIMINAL ACTIVITY INCLUDING AUTO THEFT, DRUG DISTRIBUTION, DRIVE-BY SHOOTINGS, GAMBLING, WEAPONS VIOLATIONS, AND INTERSTATE TRANSPORTATION OF STOLEN PROPERTY. ~~(C/OC)~~ .

(U) MEMBERS OF ATLANTA'S CRIMINAL STREET GANGS WILL LOOK UPON THE OLYMPICS PRIMARILY AS AN ECONOMIC OPPORTUNITY TO BE EXPLOITED, NOT AS AN INTERNATIONAL STAGE ON WHICH TO SPOTLIGHT POLITICALLY INSPIRED VIOLENCE. THE THOUSANDS OF ATHLETES, SPECTATORS, MEDIA MEMBERS, ETC., POURING INTO THE ATLANTA AREA FOR THE OLYMPICS WILL BE VIEWED AS EASY TARGETS FOR ILLEGAL DRUG SALES (PRIMARILY MARIJUANA AND CRACK COCAINE), CAR THEFTS, AND JEWELRY AND PURSE-SNATCHING. ~~(C/OC)~~ .

(U) ACCORDING TO THE APD AND THE GBI, THE VARIOUS GANGS IN THE ATLANTA AREA DO NOT APPEAR TO COORDINATE THEIR CRIMINAL ACTIVITIES. IN FACT, RIVALRIES ARE SO BITTER THAT INTER-GANG VIOLENCE, KINDLED BY TURF DISPUTES, MAY ERUPT DURING THE GAMES. ~~(C/OC)~~ .

(U)

~~SECRET~~

~~SECRET~~

ALSO, A GROUP OF BLACK GANGSTER DISCIPLES (BGD) PLANS TO BE IN ATLANTA DURING THE OLYMPICS, ACCORDING TO THE APD AND THE GBI. ALTHOUGH THEY ALLEGEDLY INTEND TO SET UP LEGITIMATE BUSINESSES, THEY ALSO PLAN TO SELL ILLEGAL CELLULAR PHONES, OLYMPIC SHIRTS, AND ESTABLISH A CREDIT CARD SCAM. LEGITIMATE BUSINESSES WILL SERVE AS FRONTS FOR LAUNDERING MONEY AND MAKING DRUG TRANSACTIONS. ~~(C/OC)~~.

(U) ACCORDING TO FBI INTELLIGENCE, THE BGD BELONG TO THE FOLK ALLIANCE. THESE GANG MEMBERS HAVE BEEN INVOLVED IN AND ARRESTED FOR DRUG AND WEAPONS VIOLATIONS, ASSAULTS, ARMED ROBBERY, ARSON, MURDER, AND VARIOUS OTHER VIOLENT CRIMES. THE ACTUAL EXTENT OF THIS GANGS OPERATION IS UNDETERMINED, BUT THERE IS SOME SUGGESTION THAT THE ROOTS OF THE ORGANIZATION, WHICH IS BASED IN CHICAGO, HAVE HAD INFLUENCE OVER ACTIVITIES OCCURRING IN ATLANTA. INTELLIGENCE SUGGESTS THAT THERE MAY BE DIRECT LINKS BETWEEN THE BGD IN CHICAGO, ATLANTA, AND MOBILE, ALABAMA. THIS LINK MAY INVOLVE DRUG TRAFFICKING, WEAPONS, AND VARIED ACTS OF VIOLENCE. FOR EXAMPLE, BGD VIOLENCE--INCLUDING SHOOTINGS AND A FIREBOMBING--RECENTLY RESULTED IN THE DEATH OF TWO YOUNG GIRLS IN ATLANTA. ~~(C/OC)~~.

THE FBI's CHICAGO FIELD OFFICE, HOWEVER, REPORTS THE BGD LEADERSHIP IN CHICAGO IS IN TOTAL DISARRAY DUE TO RECENT ARRESTS BY LAW ENFORCEMENT AND INTER-GANG ASSASSINATIONS. (U) HOWEVER, FOR ALMOST 30 YEARS, INTERNATIONAL AIRCRAFT AND AIRPORTS HAVE BEEN TARGETED BY TERRORIST GROUPS. THE TRADITIONAL THREAT TO AVIATION HAS STEMMED FROM MIDDLE EASTERN TERRORIST GROUPS; EXAMPLES INCLUDE THE BOMBINGS OF PAN AM FLIGHT 103 IN DECEMBER, 1988, AND UTA FLIGHT 772 IN SEPTEMBER, 1989. (U).

RECENTLY, TERRORIST ATTACKS AGAINST AIRCRAFT AND OTHER TRANSPORTATION FACILITIES HAVE TAKEN A DISTURBING UPSWING. EXAMPLES INCLUDE THE 10/9/95 DERAILMENT OF AN AMTRAK PASSENGER TRAIN NEAR HYDER, ARIZONA, WHICH KILLED ONE AND INJURED 78; THE 7/26/95 BOMBING BY SUSPECTED ALGERIAN EXTREMISTS OF A PARIS SUBWAY STATION, WHICH KILLED SEVEN AND WOUNDED OVER 80; THE 3/20/95 SARIN GAS ATTACK IN THE TOKYO SUBWAY, WHICH KILLED 12 AND INJURED THOUSANDS; THE 12/11/94 BOMBING OF PHILIPPINE AIRLINES

IN ADDITION, THE BOMBING OF THE WORLD TRADE CENTER (WTC) IN NEW YORK CITY (NYC) ON 2/26/93, SUBSTANTIALLY DAMAGED THE PORT AUTHORITY TRANSPORTATION AND HOUSING (PATH) RAILWAY LINE, A MAJOR COMMUTER LINE RUNNING FROM NEW JERSEY TO NYC. THE PATH LINE PASSED THROUGH THE PARKING GARAGE OF THE WTC, WHERE THE 1,200 POUND UREA NITRATE BOMB DETONATED. FORTUNATELY, OFFICIALS DETERMINED THE LINE WAS SAFE FOR OPERATION AND IT WAS REOPENED SHORTLY AFTER THE ATTACK. (U).

OBVIOUSLY, THE WORLDWIDE TERRORIST THREAT TO AVIATION AND OTHER TRANSPORTATION INTERESTS STILL EXISTS, INCLUDING INSIDE THE UNITED STATES. (U).

DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS (U) .

HARTSFIELD ATLANTA INTERNATIONAL AIRPORT, 10 MILES SOUTH OF DOWNTOWN ATLANTA, WILL BE THE MAJOR AIRPORT SERVICING THE OLYMPICS. IN 1994, HARTSFIELD WAS THE SECOND BUSIEST AIRPORT IN THE UNITED STATES (BEHIND CHICAGO OHARE), WITH OVER 54 MILLION PASSENGERS ARRIVING OR DEPARTING THAT YEAR, ACCORDING TO THE AIR TRANSPORT ASSOCIATION OF AMERICA. ITS PASSENGER TERMINAL COMPLEX IS THE LARGEST IN THE WORLD. DELTA AIRLINES, BASED AT HARTSFIELD, IS THE LEADING U.S. PASSENGER AIRLINE, HAVING CARRIED ALMOST 89 MILLION PASSENGERS IN 1994. (U) .

OBVIOUSLY, HARTSFIELD WILL BE EXTREMELY BUSY DURING THE OLYMPICS: FEDERAL AVIATION ADMINISTRATION (FAA) OFFICIALS AT HARTSFIELD ESTIMATE THAT UP TO 186,000 DELTA PASSENGERS WILL TRANSIT THE AIRPORT EACH DAY DURING THE OLYMPICS (THIS FIGURE DOES NOT INCLUDE OTHER COMMERCIAL CARRIERS OR PRIVATE JETS FLYING TO AND FROM HARTSFIELD). OFFICIALS EXPECT OVER 9,000 PEOPLE ASSOCIATED WITH OFFICIAL OLYMPIC SPONSORS (CORPORATIONS SUCH AS ATT, BUDWEISER, KODAK, MOTOROLA, ETC.) ALONE TO TRANSIT THE AIRPORT ON 7/18/96. ON 7/27/96, OVER 16,500 SPONSOR-AFFILIATED INDIVIDUALS ARE EXPECTED TO USE THE AIRPORT. FORTUNATELY,

~~SECRET~~

~~SECRET~~

(U)

APPROXIMATELY 40 PERCENT OF THE OLYMPIC ATHLETES WILL ALREADY BE
IN THE UNITED STATES FOR ACCLIMATION AND TRAINING WELL BEFORE THE
GAMES BEGIN. ~~(S/OC)~~.

(S) FOR THESE REASONS, HARTSFIELD WILL BE A TEMPTING TARGET FOR
ANY INDIVIDUAL OR GROUP THAT MAY WISH TO DISRUPT THE OLYMPICS

DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA
OLYMPICS (U).

[REDACTED] ~~(C/OC)~~.

(U) THE FAA/FBI JVA NOTES THE 1996 SUMMER OLYMPICS "IS A NATURAL
TARGET FOR TERRORIST FOCUS." HOWEVER, THE JVA ADDS "AT THE TIME
OF THIS SURVEY THERE WERE NO KNOWN SPECIFIC THREATS TARGETING
HARTSFIELD AIRPORT." THESE STATEMENTS REMAIN VALID. ALTHOUGH
THE JVA NOTED SEVERAL PHYSICAL VULNERABILITIES AT THE AIRPORT,
THESE VULNERABILITIES ARE BEING ADDRESSED SO SECURITY WILL BE
ENHANCED BEFORE AND DURING THE GAMES. ~~(C/OC)~~.

(U) IN A SECURITY DIRECTIVE DATED 1/4/96, THE FAA STATED THAT
U.S. JUDICIAL PROCEEDINGS (AGAINST [REDACTED]
AND [REDACTED] IN 1996 AND THE 1996 OLYMPIC GAMES IN
ATLANTA "MAY PROMPT TERRORIST ACTIONS IN THE UNITED STATES."
HOWEVER, THE FAA DIRECTIVE SAID THE FAA WAS "NOT AWARE OF ANY

~~SECRET~~

SPECIFIC OR CREDIBLE THREATS THAT HAVE BEEN MADE TO U.S. CIVIL AVIATION INTEREST IN CONNECTION WITH THESE JUDICIAL PROCEEDINGS OR THE OLYMPICS." ~~(C)~~.

(U) RESPONSIBILITY FOR PLANNING THE SECURE MOVEMENT OF THE OLYMPIC ATHLETES AND OTHER DESIGNATED PERSONS AS THEY TRAVEL BETWEEN OLYMPIC-RELATED SITES IS THE RESPONSIBILITY OF THE IN-TRANSIT SECURITY SUBCOMMITTEE OF THE ATLANTA COMMITTEE FOR THE OLYMPIC GAMES (ACOG). THE SUBCOMMITTEE BELIEVES TRANSPORTATION IS THE MOST VULNERABLE AREA OF OLYMPIC SECURITY. MOBILITY, DISTANCE, AND DAILY SCHEDULING INCREASE THE CHANCES OF ERROR, MISHAP, AND/OR TERRORIST TARGETING. ADDITIONALLY, APPROXIMATELY 11 MILLION TICKET HOLDERS WILL NEED TO BE TRANSPORTED TO OVER 36 COMPETITION VENUES DURING THE 17 DAYS OF THE GAMES. ~~(C/OC)~~.

(U) ALSO, THOUSANDS OF OLYMPIC FAMILY MEMBERS MUST BE TRANSPORTED TO COMPETITION AND NON-COMPETITION VENUES. OLYMPIC FAMILY MEMBERS- [REDACTED]

b7E

[REDACTED]

INCLUDE MEMBERS OF THE INTERNATIONAL OLYMPIC COMMITTEE AND THEIR GUESTS; MEMBERS OF THE VARIOUS INTERNATIONAL SPORTS FEDERATIONS AND THEIR GUESTS; MEMBERS OF VARIOUS NATIONAL OLYMPIC COMMITTEES

AND THEIR GUESTS; MEMBERS OF VARIOUS NATIONAL GOVERNING BODIES;
SPORTS DELEGATIONS, INCLUDING ATHLETES AND COACHES; AND THE
ACCREDITED PRESS. THE OLYMPIC FAMILY IS EXPECTED TO NUMBER ABOUT
40,000 PEOPLE. ~~(C/OC)~~.

(U) IN ADDITION, INTERNATIONAL DIGNITARIES AND HEADS OF STATE
ATTENDING THE GAMES WILL REQUIRE HIGH LEVELS OF FLEXIBLE SECURITY
AS THEY MOVE BETWEEN EVENTS. CONSTANT CHANGES IN SECURITY PLANS
AND MANPOWER NEEDS WILL BE COMMONPLACE, SINCE THESE DIGNITARIES
MAY REVISE THEIR SCHEDULES WITH LITTLE OR NO NOTICE. IT IS
ESTIMATED BETWEEN 20 AND 40 HEADS OF STATE WILL ATTEND THE GAMES
(197 NATIONS HAVE BEEN INVITED, AND ALL ARE PLANNING TO ATTEND).
THESE DIGNITARIES AND HEADS OF STATE WILL PRESENT LOGICAL TARGETS
FOR DOMESTIC OR INTERNATIONAL TERRORIST GROUPS. HOWEVER, MANY
EXECUTIVES FROM LARGE, MULTI-NATIONAL COMPANIES--LIKE COCA-COLA,
VISA, AND TIME-WARNER--WILL ALSO ATTEND THE GAMES AND MAY ALSO BE
POTENTIAL TARGETS FOR TERRORIST ACTION. ~~(C/OC)~~.

~~SECRET~~

~~SECRET~~

PAGE FOUR DE RUCNFB 0010 ~~SECRET~~

DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS (U) .

ANOTHER TRANSPORTATION SYSTEM IN ATLANTA WHICH WILL BE EXTREMELY BUSY AND ALSO VULNERABLE TO ATTACK DURING THE GAMES IS MARTA--THE METROPOLITAN ATLANTA RAPID TRANSIT AUTHORITY. MARTA RUNS ATLANTA'S SUBWAY AND BUS SYSTEMS. MARTA (BUS AND RAIL) CURRENTLY CARRIES ABOUT 470,000 PASSENGERS DAILY. THAT NUMBER IS EXPECTED TO RISE TO BETWEEN ONE MILLION AND 1.7 MILLION PASSENGERS DAILY DURING THE OLYMPICS. ~~(C/OC)~~ .

(U) IN A RECENT SECURITY REPORT, MARTA OFFICIALS RECOGNIZE "THERE EXISTS AT LEAST THE OPPORTUNITY FOR PROBLEMS TO ARISE BEFORE AND DURING THE OLYMPIC GAMES." THE MARTA REPORT POINTS OUT THAT, SINCE THE OLYMPIC VENUES AND OLYMPIC VILLAGE WILL BE HIGHLY SECURE, A TERRORIST GROUP MAY SEEK "SOFTER" TARGETS, SUCH AS PUBLIC TRANSPORTATION, TOURIST STOPS, AIRPORTS, AND SHOPPING CENTERS. ~~(C/OC)~~ .

(U) MARTA OFFICIALS ARE PARTICULARLY CONCERNED ABOUT THE POSSIBILITY OF A TERRORIST GAS ATTACK--SIMILAR TO THE AUM SUPREME TRUTH (OF "AUM SHINRIKYO") SARIN ATTACK ON FIVE TOKYO SUBWAY LINES IN MARCH, 1995--IN ATLANTA'S SUBWAY BEFORE OR DURING THE GAMES. OFFICIALS FEAR THAT A SIMILAR ATTACK IN MARTA'S PEACHTREE

~~SECRET~~

~~SECRET~~

PAGE FIVE DE RUCNFB 0010 ~~SECRET~~

CENTER (N1, NORTH LINE) STATION (THE STATION NEAREST THE INTERNATIONAL OLYMPIC COMMITTEE HOTEL AND ACOG OFFICES) WOULD HAVE DISASTROUS CONSEQUENCES. THE STATION IS 265 FEET UNDERGROUND, AND VENTILATION IS LESS THAN IDEAL. ~~(S/OC)~~.

(U) THE SECURITY REPORT CONTAINS SEVERAL RECOMMENDATIONS TO IMPROVE SECURITY IN "AREAS OF CONCERN," AND MARTA OFFICIALS ARE ACTING ON THESE RECOMMENDATIONS. FOR EXAMPLE, MARTA IS REPLACING ITS CURRENT TRASH CONTAINERS TO DECREASE THE LETHALITY OF ANY EXPLOSIVE DEVICES WHICH MAY BE PLACED IN THEM. IN ADDITION, MARTA IS FORMING A CRIME SUPPRESSION UNIT, WHICH IS PARTICIPATING IN JOINT TRAINING EXERCISES WITH LOCAL SPECIAL WEAPONS AND TACTICS (SWAT) UNITS AND CHEMICAL INCIDENT TRAINING AT FT. MCCLELLAN ARMY CHEMICAL SCHOOL NEAR ANNISTON, ALABAMA. ~~(S/OC)~~.

(U) THE FBI ASSESSES THE MOST LIKELY TYPE OF TERRORIST ATTACK AGAINST ATLANTA-AREA TRANSPORTATION FACILITIES DURING THE OLYMPICS WOULD BE A LOW LEVEL SHOOTING OR MINOR CONVENTIONAL BOMBING AT A SINGLE TRANSPORTATION SITE. THE PERPETRATOR(S) OF THE EVENT PROBABLY WOULD BE SEEKING TO MAKE A POLITICAL STATEMENT OR SEEKING REVENGE FOR A PERCEIVED GRIEVANCE. ALTHOUGH THIS TYPE OF ATTACK COULD DISRUPT THE GAMES, IT WOULD PROBABLY NOT RESULT

~~SECRET~~

PAGE SIX DE RUCNFB.0010 ~~SECRET~~

~~SECRET~~

IN THE HALTING OF COMPETITION. ~~(S/OC)~~.

(U) LEAST LIKELY TYPES OF TERRORIST ATTACKS DURING THE OLYMPICS--AGAINST TRANSPORTATION FACILITIES OR ANY OTHER TARGET-- WOULD INCLUDE RADIOLOGICAL CONTAMINATION, CHEMICAL/BIOLOGICAL ATTACK, INSURGENCY, OR NUCLEAR DETONATION. OBVIOUSLY, IF THEY OCCURRED, THE LAST TWO TYPES OF EVENTS WOULD CAUSE SEVERE, NATIONAL CONSEQUENCES. ~~(S/OC)~~.

(U) THE CHANCES AN INDIVIDUAL OR GROUP COULD OBTAIN AND EMPLOY CHEMICAL, BIOLOGICAL, OR RADIOLOGICAL MATERIALS AGAINST THE ATLANTA OLYMPICS IS LOW. ALTHOUGH TERRORISTS AND OTHER MILITANTS CONTINUE TO RELY ON CONVENTIONAL WEAPONS SUCH AS BOMBS AND SMALL ARMS, SEVERAL INCIDENTS HAVE OCCURRED RECENTLY IN WHICH KNOWN TERRORISTS AND OTHER PERSONS HAVE EITHER CONSIDERED USING, OR HAVE OBTAINED, CHEMICAL OR BIOLOGICAL AGENTS. DOMESTIC AND INTERNATIONAL TERRORIST THREAT TO THE ATLANTA OLYMPICS (U) .

NOT NECESSARILY OCCUR INSIDE THE OLYMPIC RING IN ATLANTA DURING THE GAMES. THE GAMES OFFICIALLY BEGIN DURING OPENING CEREMONIES IN DOWNTOWN ATLANTA'S OLYMPIC STADIUM ON 7/19/96 AND END THERE ON 8/4/96. ALTHOUGH MUCH OF THE WORLD'S ATTENTION WILL BE FOCUSED ON ATLANTA DURING THAT TIME, SEVERAL OTHER U.S. CITIES WILL HOST VARIOUS OLYMPIC COMPETITIONS, AND THUS COULD BE TARGETED FOR VIOLENCE BY DOMESTIC AND/OR INTERNATIONAL TERRORIST GROUPS.

THESE CITIES INCLUDE BIRMINGHAM, ALABAMA (SOCCER); OCOEE RIVER, NEAR CLEVELAND, TENNESSEE (LOCATED WITHIN THE KNOXVILLE FBI FIELD OFFICE); FLORIDA (LOCATED WITHIN THE TAMPA FBI FIELD OFFICE), (SOCCER); AND WASHINGTON, D.C. (SOCCER).

IN ADDITION, OLYMPIC TRAINING SITES OUTSIDE ATLANTA COULD BE TARGETED. FOR EXAMPLE, EIGHT MEMBERS OF THE RUSSIAN BADMINTON TEAM ARE CURRENTLY SCHEDULED TO TRAIN AT GEORGIA COLLEGE IN MILLEDGEVILLE, GEORGIA, FROM 7/10-17/96. ALTHOUGH THE FBI CURRENTLY HAS NO INFORMATION TO INDICATE THAT ANY OF THESE VENUES OR TRAINING SITES ARE THREATENED WITH TERRORIST VIOLENCE, THE POSSIBILITY CANNOT BE DISCOUNTED. ~~(S/OC)~~.

(U) LOCAL AND STATE LAW ENFORCEMENT PERSONNEL ARE BEING GIVEN

~~SECRET~~

~~SECRET~~

COPIES OF LAW ENFORCEMENT HANDBOOKS AND TRAINING VIDEOTAPES. THESE ITEMS WILL ASSIST PUBLIC SAFETY OFFICERS IN DEALING WITH CROWD CONTROL, DEFECTIONS, DIPLOMATIC IMMUNITY, AND RELATED ISSUES. A SEPARATE FBI INTELLIGENCE AWARENESS TAPE IS BEING DISSEMINATED TO 150 AGENCIES. ~~(S/OC)~~.

(U) FINALLY, THE POSSIBILITY EXISTS THAT A CREDIBLE HOAX--BE IT A THREATENING TELEPHONE CALL OR A ERSATZ EXPLOSIVE DEVICE--COULD BE ALMOST AS EFFECTIVE IN DISRUPTING THE GAMES AS A REAL ACT OF VIOLENCE. ~~(S/OC)~~.

(U) ACCORDING TO THE FBI EXPLOSIVES UNIT-BOMB DATA CENTER (EU-BDC), IN 1994 (THE LAST YEAR FOR WHICH COMPLETE STATISTICS ARE AVAILABLE), ONLY FOUR PERCENT OF ACTUAL AND ATTEMPTED BOMBINGS IN THE UNITED STATES WERE PRECEDED BY A WARNING OR A THREAT. THERE WERE 3,163 BOMBING INCIDENTS REPORTED TO THE EU-BDC IN 1994. THEREFORE, 126 ACTUAL OR ATTEMPTED BOMBINGS WERE PRECEDED BY A WARNING OR A THREAT IN 1994. THERE WERE 474 INCIDENTS INVOLVING THE PLACEMENT OF HOAX DEVICES; 37 PERCENT WERE PRECEDED BY A THREATENING NOTE, LETTER, OR TELEPHONE CALL. (U).

ALTHOUGH THE EU-BDC DOES NOT MAINTAIN STATISTICS ON THE NUMBERS OF BOMB THREATS RECEIVED NATIONALLY (VIA TELEPHONE,

Title: 2002 UTAH WINTER OLYMPIC GAMES
SALT LAKE CITY DIVISION
PFO/SEM

Synopsis:

Details: The 1996 Summer Olympic Games at Atlanta, will be held between 7/19/96 - 8/4/96. FBIHQ and the Atlanta Division have canvassed the field for significant Agent/Support personnel resources to support the PFO/SEM aspects of the Games for the period May through August, 1996.

Atlanta has requested that TDY personnel each spend 30 days in Atlanta on these assignments. However, during the past week Salt Lake City has had several telephonic conversations with SSA [redacted] (who is handling Olympic Games personnel logistic matters) in Atlanta regarding the possibility of utilizing Salt Lake City Agent personnel (who are presently assigned case Agent responsibilities for the 2002 Utah Winter Olympic Games) for periods of less than 30 days, primarily for the valuable experience they would obtain vis-a-vis the 2002 Utah Games in contributing toward the Atlanta Games' coverage. It was explained to SSA [redacted] that at present, Salt Lake City's manpower requirements are strained due to the Division's personnel requirements connected with the Gray Sunset (266A-SU-43572) investigation, and as such this office would not be in a position to contribute one Agent for a full 30 day period to support the Atlanta Games. SSA [redacted] acknowledged the mutual benefits to both Atlanta and Salt Lake City in utilizing

Pls. mutually plan for your respective Two wk. Atlanta stints. within the parameters set out in this EC. ENSURE your planned periods in Atlanta are coordinated with SSA [redacted] & SA [redacted] to avoid any Gray Sunset scheduling conflicts. Advise me of the dates you'll be in ATLANTA. A 5-22-96

the two SU co-case Agents in Atlanta for Olympic Games' coverage, and was agreeable to having each of the two SU case Agents in Atlanta for two-two week consecutive periods during the pre and actual game periods. The funding for the above travel would be provided through Atlanta's Olympic Games TR# according to SSA [redacted]

Similarly during the past week, Salt Lake City has discussed overall Utah law enforcement personnel contributions to the Atlanta Summer Games with Sergeant [redacted] Utah Highway Patrol, who is handling logistics for local/state Utah law enforcement personnel for the Atlanta Games. Sergeant [redacted] has set aside limited housing accommodations for SU/FBI, in the Atlanta area, but in the event SU/FBI personnel are unavailable to travel to Atlanta for Games' coverage, these SU/FBI housing slots will be released to local/state Utah law enforcement personnel by 5/24/96. Sergeant [redacted] advised that approximately 20 local/state Utah law enforcement officers will be in Atlanta for Olympic Game's assistance.

Recommendation:

The writer recommends that the two SU co-case Agents for the 2002 Utah Olympic Games [redacted] and [redacted] be afforded the opportunity to each spend two weeks in Atlanta for period covering the pre and actual Atlanta Games activities. The travel funding for same would be derived from Atlanta's Olympic Games TR#.

Sheriff Kennard stated that law enforcement will be the key to the security effort. Kennard identified a major problem concerning security in that there was no single officer in charge of security. Kennard stated, "When things go to crap, people turn to the cops." However, there were too many chiefs, not one recognized security coordinator in charge.

Kennard believed that law enforcement agencies must commit early officers in key planning positions throughout the Olympics. Kennard appealed to the Organizing Committee that it make a concerted effort to take care of police officers and the new media.

[REDACTED] anticipated the size of the Salt Lake City Winter Games to be approximately 1/5th the size of the Atlanta Games. Salt Lake City will be the largest city to ever host the Winter Games. [REDACTED] anticipated that 2,000 athletes will participate in the Salt Lake Games, compared to 10,000 in the Atlanta Games. 1.7 million tickets are to be sold for the Salt Lake Games compared to 11 million tickets sold for the Atlanta Games. 300 million visitor spending dollars are

MEDIA RELATIONS DURING CRISIS SITUATIONS

I. LAW ENFORCEMENT CONSIDERATIONS

In June 1995, President Clinton signed Presidential Decision Directive-39 (PDD-39), which reaffirmed the FBI's lead law enforcement and crisis management role in the U. S. Government's response to a domestic terrorist incident. To ensure that the full range of necessary expertise and capabilities are available to the FBI in response to a major domestic terrorist incident, the PDD mandates that appropriate Federal agencies will support the FBI. Pursuant to the PDD, the FBI has increased its interaction with other local, state and Federal agencies who have a role in responding to a major incident in order to maximize protection of the public.

The FBI, through the Department of Justice, specifically has been assigned the lead responsibility for the management of the Federal Government's response to terrorist incidents, which includes the command of the operational response and on-scene actions in regard to significant or otherwise extraordinary terrorist incidents.

II. FBI MEDIA STRATEGY AND POLICY

For the purposes of providing timely and accurate public information to the news media during the course of a crisis situation, the FBI has developed policy and procedures for relations with the news media.

CRISIS SITUATION

In the event of a major or prolonged crisis incident the news media will play a significant role in any law enforcement response. Working closely with other law enforcement and public safety agencies, the FBI has developed an inter-agency law enforcement strategy for media relations during the course of a crisis situation. It is essential that a closely coordinated, effective, and efficient media response by law enforcement and public safety agencies be implemented to respond to a major incident due to the fact that in most cases the whole world will be watching.

In response to a major terrorist threat or incident, the Office of Public and Congressional Affairs (OPCA) is prepared to provide two media representatives to the Domestic Emergency Support Team (DEST). The DEST is a specialized interagency team consisting of various components designed to be deployed in order to expeditiously provide support to the FBI On-Scene Commander. The decision to deploy the DEST will be made by the Director in response to a significant threat or act of terrorism that takes

place within the United States or its territories. The FBI media representatives will provide expert advice and assistance regarding news media matters to the FBI On-Scene Commander with close coordination with FBI Headquarters.

Should a crisis occur, a FBI media agent(s) will be assigned to the FBI Command Post or Joint Operations Center (JOC) to work closely and coordinate media issues with the On-Scene Commander. Every FBI Field Office has a designated media representative selected by the SAC and he/she is backed up by alternate media representatives. The FBI may also be responsible for sending an FBI media representative(s) to staff a coordinated inter-agency law enforcement Joint Information Center (JIC) at a location in the vicinity of the JOC.

Depending on the type of incident, major agencies expected to provide PIOs to staff the JIC include, but are not limited to, the following:

- Federal Bureau of Investigation
- U.S. Attorney's Office
- Department of Defense
- Bureau of Alcohol, Tobacco and Firearms
- U.S. Customs Service
- U.S. Secret Service
- U.S. Department of Energy
- Federal Emergency Management Agency
- U.S. Public Health Service
- Centers for Disease Control and Prevention
- U.S. Department of State/Diplomatic Security Service
- Numerous local, state, and municipal law enforcement and public safety agencies

During a crisis situation, FBI Headquarters (FBIHQ) in Washington, D.C., will activate the FBI's Strategic Information Operations Center (SIOC). The FBI National Press Office (NPO), OPCA, will provide appropriate staffing to SIOC on a 24-hour basis to provide support concerning media issues. Also, the FBI NPO will remain operational on a 24-hour, seven days-a-week basis during the course of the crisis situation and provide support to the field. Newspapers, wire services, and periodicals will be reviewed on a daily basis by NPO personnel and a media summary will be prepared each day for the Director and other Bureau officials. All news programs will be taped by the NPO on a 24-hour basis to provide videotapes of any incident. Depending on the seriousness of the situation, a national JIC may be located in Washington, D.C.

Additional FBI media representatives from FBIHQ and other Field Offices may be dispatched to the scene of the incident to support local field office media representatives.

The remainder of the FBI media personnel at the location of the incident would be assigned to the field office media office during the course of the crisis situation and be responsible for the following:

- a. Provide overall coordination of all law enforcement related media issues.
- b. Preparation of news releases and statements in close coordination with FBIHQ, the on-scene commander, and the U.S. Attorney's Office.
- c. When appropriate, news briefings or press conferences will be coordinated and scheduled to provide information to the news media. The Director will decide whether the Deputy Director, Assistant Director, or SAC will be designated to be the spokesperson for the FBI.
- d. Media representatives will also prepare Q & As or talking points to assist the FBI spokesperson in responding to media inquiries.
- e. An FBI media representative will be dispatched to coordinate and prepare a briefing area for press conferences.
- f. Media representatives will seek guidance and approval from FBIHQ before any statement or release is provided to the news media.

III. INTERAGENCY COORDINATION

When major international or national events such as the Olympics, political conventions, and economic conferences occur in the United States, the FBI will be involved in addressing the special security concerns inherent in hosting what the FBI terms as "special events." Such "special events" receive extensive and intense attention by the FBI and require prior planning and the deployment of personnel and resources in order for the FBI to fulfill its investigative responsibilities. This would also include the establishment and coordination of policies and procedures for media relations between those agencies responsible for providing security at these "special events."

In an effort to effectively deal with the news media and to ensure the successful resolution of an incident, the FBI, along with the law enforcement and public safety agencies must coordinate their media responses.

The FBI's news media policy is in strict conformance with instructions issued by the Department of Justice concerning

the release of information relating to law enforcement issues. Those Departmental instructions are contained in Title 28, Section 50.2, of the Code of Federal Regulations, as well as, other Federal rules and regulations. The FBI also has developed policies and procedures in its dealings with the news media in law enforcement situations.

It is the intention of the law enforcement and public safety agencies responding to a crisis situation to provide timely and accurate information to news media organizations concerning news-worthy events or incidents, in order for the public to be fully informed on issues relating to public safety.

It is also the intention of those law enforcement and public safety agencies to be ever mindful of the fact that the primary focus of law enforcement is the investigation of the incident, the arrest, and the successful prosecution of those responsible. Investigative responsibilities must take precedence over the questions or inquiries of the news media.

To achieve this goal, the FBI along with Public Information Officers (PIOs) of law enforcement and public safety agencies have developed the following standard operating procedures in planning for major events taking place in the United States under normal operations and crisis situations in responding to the news media:

PROCEDURE:

Only Heads of Agencies, other appropriately designated representatives, and Public Information Officers (PIOs) of the involved agencies will respond to news media inquiries concerning law enforcement and public safety issues. Agencies should instruct their employees to refer all media inquiries to personnel designated by their agency to handle such inquiries.

Inquiries about law enforcement policies or operations should not be answered by non-law enforcement personnel, but shall refer those inquiries to the appropriate agency. Inquiries concerning health and public safety issues should also be referred to those agencies responsible for that issue.

The following guidelines are intended to facilitate an open and, thereby, a mutually beneficial relationship between law enforcement and public safety agencies and the news media.

IV. INDIVIDUAL AGENCY RESPONSES TO ROUTINE INCIDENTS

During the course of normal operations in situations not involving crises or other significant law enforcement operations, the FBI recognizes that it is the responsibility of individual agencies having jurisdiction for a venue or situation

to respond to a media inquiry involving a specific venue or situation in accordance with the responsible agency's media relations policy.

A. TIME-CRITICAL AND/OR ORAL RELEASES:

A synopsis of the information released shall be forwarded to all other agency PIOs as soon as possible when a time-critical or oral response has been issued. The material is to be clearly marked as "Time Critical."

B. PRO-ACTIVE STATEMENTS AND WRITTEN RELEASES:

A copy of any pro-active or written media release when appropriate shall be provided to all other agency PIOs. All press releases should be agreed upon jointly by interested agencies with appropriate recognition being given to all appropriate investigative agencies when announcing a law enforcement action.

C. MULTI-JURISDICTIONAL MEDIA INQUIRIES:

If one agency receives a question involving more than one jurisdiction, the responding agency shall refer the relevant portions of the inquiry to the affected PIO(s), and not respond to issues without input and approval from the other agencies involved.

The PIO receiving the media inquiry shall exercise judgment about whether to release its own information before coordinating with the PIO of the affected agency and with the proper appropriate prosecutor. Judgment should be guided by the following:

- a. Routine or general informational media inquiries may be answered.
- b. Any media inquiry, in the judgment of the receiving agency, which requires prior coordination, shall be coordinated with the PIO of the affected agency(s) and the proper appropriate prosecutor before a response is provided to the news media.
- c. In responding to such inquiries, PIOs should be courteous, factual, and as helpful as possible. They should refrain, however, from answering hypothetical questions or questions that would require them to express personal opinions.

- c. If in doubt, the receiving PIO will coordinate with appropriate agencies before providing a response.
- d. Media inquiries requiring coordination shall be given priority by the affected agency(s) to maintain credibility with the media and to maintain public confidence.
- e. No PIO should knowingly furnish an erroneous, deceptive, or misleading answer to a news media inquiry.

In no case shall the PIO of one agency speak for another agency, unless specifically authorized to do so on a case-by-case basis.

V. MAJOR OR PROLONGED CRISIS INCIDENTS

In the event of a major or prolonged multi-jurisdictional incident or crisis, the FBI will conduct and coordinate the initial threat assessment/evaluation. Based on the findings of this evaluation, the Assistant Director, National Security Division, FBI Headquarters, will be responsible to determine whether the recommendation to deploy assets will be made to the Director.

A law enforcement on-scene Joint Operations Center (JOC) will be established and a coordinated inter-agency Joint Information Center (JIC) will become operational and shall assume the role of clearinghouse for all media contacts, as follows:

- a. Assumption of this role shall be in effect only after notification of the agency head and PIO of the affected agencies, and shall terminate as soon as the incident is deemed manageable by the normal means. Termination requires notification of all affected agency heads and PIOs.
- b. In a terrorist or criminal-related major incident, the FBI will assume the lead investigative and crisis management role, in close coordination with local law enforcement and public safety authorities.
- c. Based on the specific details of an incident or the occurrence of a catastrophe in which law enforcement responsibilities are no longer the main priority, the Federal Emergency Management Agency (FEMA) will assume consequence management responsibility.

- d. Information provided to the news media in a crisis situation is disclosed by one of the following means:
- (1) News releases or announcements initiated by the lead agency and,
 - (2) As responses to inquiries emanating from the news media.
 - (3) As press briefings controlled and coordinated by the lead agency.
- e. The essential procedural change in media relations is that all media inquiries relating to investigative or law enforcement issues will be answered with one voice. The media inquiry whenever received will be referred to the agency having primary investigative jurisdiction with a notification being made to the JIC who will coordinate an appropriate response with the on-scene commander in the JOC. Agencies receiving such media inquiries shall respond that a major incident is in progress and refer inquiries to the agency having primary jurisdiction.
- f. The on-site PIO from the responding agency will provide timely updates to the JIC for dissemination and coordination to the JOC.
- g. The JIC shall provide media updates to all affected agencies (to include the agencies headquarters in Washington or state capital) no later than the time of release.
- h. The decision to make a written or oral response to media inquiries shall be coordinated by the JIC in consultation and with the approval of the on-scene commander of the JOC. Responses must also be approved and coordinated with the lead agency's headquarters in Washington or state capital during a major incident.
- i. The JIC shall be responsible for maintaining a running log of media inquiries and responses received by all agencies, for the purpose of providing timely and accurate information to the JOC, and for review of all PIOs of all cooperating agencies. It shall be the duty and responsibility of all PIOs staffing the JIC to familiarize themselves when coming on shift with this log to provide guidance to both the JOC and cooperating agencies.

In dealing with the news media during a crisis situation, the following rules and procedures shall govern:

- a. In the event of an explosion, barricade, hostage-taking, or other significant incident, it will be necessary to coordinate the establishment of a "broadcast area" for the news media near the scene of an incident, but apart from a regular law enforcement perimeter. The news media, including reporters and photographers, should be allowed access to the best possible location to report on a crisis as determined by the on-scene commander.
- b. Law enforcement and emergency response personnel at the scene of a crisis or fast-moving situations who are approached by news media representatives should make only the following responses:
 - (1) Identify themselves as a Special Agent or Officer of their identified agency, and,
 - (2) Courteously refer the newsman/newswoman to the PIO of the lead agency.
- c. A designated law enforcement official from the lead agency should be assigned as a spokesperson to keep the news media briefed at the appropriate time.
- e. Initially, a coordinated, prepared written statement (very short) should be issued to the news media. No questions should be answered by PIOs at this time.
- f. In most circumstances one-on-one interviews will not be practical due to the large number of media outlets responding to a major incident.
- g. Press briefings or conferences will be scheduled at the appropriate time and at the decision of the lead agency. Briefers should include representatives from all agencies involved in the incident with the primary spokesperson being from the lead agency.
- h. PIOs should contact the JIC regarding all interview requests.
- i. Interview requests should be coordinated with the agency having the primary investigative jurisdiction in the interest area.

- j. The PIO of the agency contacted shall determine who in their agency is best qualified to respond to the request.
- k. In cases in which a search or arrest warrant is to be executed, no advance information will be provided to the news media about actions to be taken by law enforcement personnel, nor shall media representatives be solicited or invited to be present.
- l. Media access to crime scenes will be coordinated by the lead law enforcement agency. No access will be granted until it is determined by the on-scene commander that the news media will not interfere with emergency and evidence response teams in their efforts to carry out their responsibilities. Access must also be approved by the appropriate prosecutive entity and approval obtained from the appropriate headquarters

VI. TACTICAL SITUATIONS

The news media covering the scene of a tactical situation in response to a major incident can and often do present major problems and concern for law enforcement. The First Amendment of the Constitution guarantees Freedom of the Press. This means that once information is obtained by the news media it may not be suppressed -- there are no prior restraints on freedom of the press/speech. However, it should also be noted that the news media has no constitutional right of access to the scenes of crime or disaster when the general public is excluded.

It is the duty and responsibility of PIOs of law enforcement agencies to have an effective working relationship with the news media that cover them on a regular basis. PIOs of law enforcement agencies should consider regular meetings with news directors, editors and reporters in order to air concerns and differences by both sides in the coverage of law enforcement operations.

Law enforcement PIOs should consider requesting the cooperation of the news media during hostage-taking, barricade and other crisis situations to ensure the safety of victims, law enforcement personnel, and the news media in the following areas:

- a. Agreement by the news media not to telephone or attempt to contact a hostage-taker.
- b. Immediate notification of law enforcement by reporters of any calls from hostage-takers.

- c. No publication of such conversations without first conferring with the on-scene commander and consultation with hostage negotiators for advice.
- d. Limited use of live broadcasting with no close-ups of the locations of tactical personnel during the course of the incident.
- e. No identification by the news media of groups claiming responsibility for bombings.
- f. No speculation on what might be happening during a tactical situation by the news media and request that news reports should be confined only to facts released by law enforcement authorities.
- f. Instruct media personnel that during the night to exercise judgment in the use of camera lights, so as to prohibit any silhouetting of tactical personnel. Tactical personnel should be prepared for instant bright camera lights from the media at night.
- g. News media organizations should not be provided with access to a crime scene during a crisis situation. Nor should they attempt to violate a law enforcement perimeter to cover a story. Such irresponsible behavior can result in endangering not only their lives, but the lives of innocent victims and law enforcement personnel.

**2002 Olympic Meeting - Law Enforcement Executive Council
February 14, 1996 - 1230 hrs - Salt Lake City Public Safety Building**

- Roll passed, roster of those attended attached.

Chief Ortega - [] (Deseret News) has been assigned to cover the law enforcement preparation for the 2002 Olympics. She will be spending some time in Atlanta with our representatives during the Games. [] coverage of our efforts will probably be positive, serving as an advocate for the needs of law enforcement so we don't get short-changed.

Commissioner Bodrero - indicated that even though [] wanted to attend our meetings she could be excluded if subject matter dictated.

b6
b7C

SAC Kubic - expressed concern that some intelligence would be sensitive.

- The group unanimously agreed to allow [] to attend meetings. [] was admitted.

Chief Ortega - Chief Ortega and Commissioner Bodrero met with [] of the Organizing Committee to discuss funding for our planning efforts. The Organizing Committee said they were operating on a line of credit and we were told that there was no money for law enforcement.

Commissioner Bodrero - The Organizing Committee is relying on federal funding for Olympic Security. They will probably not hire a security coordinator for at least two years.

Chief Ortega - The Organizing Committee has the feeling that law enforcement has the duty anyway.

Undersheriff [] - We can fall back on the Organizing Committee's comments about *no tax dollars will be spent*.

Chief Ortega - Maybe the lack of funding in Atlanta caused the problems between the various agencies in their planning efforts.

Chief Shepherd - We all need to stick together on our demands for resources.

Chief Bell - We should look at legislation to require the Organizing Committee to deal with local costs.

Commissioner Bodrero - The Legislature has already dealt with bills regarding other Olympic topics.

SAC Kubic - We should define and identify costs, which will give us a better idea of what we will need to present for funding.

Chief Ortega - 30 million will be used for private security, the Organizing Committee is not concerned with public safety efforts at this time.

Chief Bell - We should urge local efforts through city councils and other groups to support our position.

RAC [] - We should see if some federal funding is available for us.

Chief Ortega - Bill Rathburn will probably be able to hold some hotel rooms for us during the Games in Atlanta. They will average from \$170 to \$200 per night. Once the rooms are reserved - they need to be paid for. If interested in securing any of these rooms contact Lt. Llewellyn by Tuesday, February 20, 1996.

Asst. Chief [] - The Planning Committee has arranged dormitory rooms through ACOG. All those planning to go to Atlanta during the Games should probably begin making travel arrangements. Each agency should evaluate driving to Atlanta vs. renting a vehicle in Atlanta.

b6
b7c

Commissioner Bodrero - Summit Co. Sheriff has concerns about not being included in the Executive Council.

Asst. Chief [] - When Summit Co. SO and West Valley PD were brought into the Planning Committee, West Valley also expressed concern about not being included in the Executive Council.

- General discussion regarding the membership of the Executive Council.

Commissioner Bodrero - motion to admit Summit Co. SO into the Executive Council.

Sheriff Dearden - second to the motion.

- Discussion, vote, all in favor.

Commissioner Bodrero - Will meet with Chief Nordfelt regarding the Executive Council.

Chief Bell - Will host luncheon in Park City for The Executive Council to meet with [] (Department of Defense, Atlanta GA.) on Thursday, February 29, 1996. Details will be forthcoming.

Chief Deputy Miles - Mike Korologos of the Organizing Committee wants to be a liaison with law enforcement. The Executive Council approved Korologos to be a liaison with the Planning Committee.

Asst. Chief [] - The Fire Department is interested in our Olympic planning structure and will probably become involved in one of our Planning Committee sub-committees. Also, the Olympic organizing committee for the '84 Games in Los Angeles didn't hire a security director until less than two years before the Games.

Title: 2002 WINTER OLYMPIC GAMES;
SALT LAKE CITY DIVISION;
PFO-SEM.

Enclosures: A press release dated 8/1/96 and copy of a news article embedded in a memo from the Commission on Criminal and Juvenile Justice, State of Utah, dated 8/5/96.

Synopsis: Issues relating to a \$3,000,000 appropriation to the FBI for law enforcement-related start-up expenses for the Salt Lake City Winter Olympic Games detailed.

Details: On 12/12/96, Chief of Police (COP) Jon Greiner, Ogden, Utah PD, and two assistants met with SAC, Salt Lake City, SSA [REDACTED] Special Events Management Unit, NSD, and SSRA [REDACTED] Ogden RA to discuss the \$3,000,000 appropriation to the FBI for law enforcement-related start-up expenses for the 2002 Winter Olympics. COP Greiner advised that his department was involved throughout 1996 in presenting a request for a \$3,000,000 appropriation from Congress for an expanded communications system for the Ogden PD which would allow communication with several Olympic venue sites and provide common communication capabilities with the 14 law enforcement agencies in the counties immediately north of Salt Lake City. The rationale for this request involved enhanced security for the Olympics as well as a communications infrastructure which would serve the northern Wasatch Front beyond the Olympics. In this regard, COP Greiner solicited and obtained the support of U.S. Senator Robert Bennett, Utah, and it is COP Greiner's understanding that the \$3,000,000 appropriated to the FBI as part of the FY 1997 Commerce, Justice, State and the Judiciary

Re: 185B-SU-43750 12/20/1996

Appropriations Bill was intended for the Ogden PD's communication system. In support of this, COP Greiner provided the enclosed press release from Senator Bennett's office and news article which clearly state that this is the case. COP Greiner said that Senator Bennett's office informed him that the FBI was the conduit through which the money would be passed from the Federal level to his agency. He noted, however, that the \$3,000,000 will only fund the first phase of the communications system and that an additional \$4,000,000 will be required to complete it. Where this additional money will come from has not been determined, according to COP Greiner, although he is in hopes of an additional appropriation from Congress.

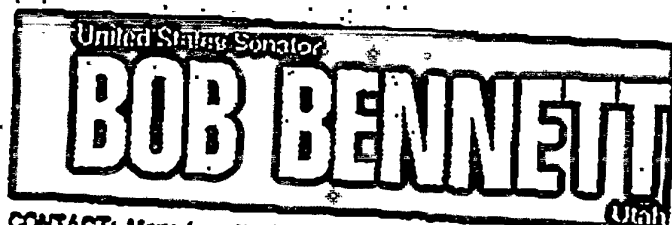

SSA [] explained that the FBI was unaware that the appropriation was intended solely for the Ogden PD communications system but, rather, understood that the money was seed money to facilitate Olympic preparations, such as training, equipment, etc., for all law enforcement agencies in the Salt Lake City area. SSA [] agreed to explore the intent of the legislation through FBIHQ and DOJ resources and advise SU and COP Greiner.

b6
b7c

SAC, SU believes that other law enforcement agencies will expect assistance from the Federal government in order to handle security matters associated with the Olympics - assistance that this \$3,000,000 was apparently designed to address. In fact, it is plausible that individual agencies may solicit assistance through their congressional representatives as has the Ogden PD, resulting in a piecemeal and less effective approach. A key issue is that the Ogden PD has pursued assistance for its communications system in good faith and been led to believe by Senator Bennett's office that the first phase of their system has been funded. A determination must be made as to whether or not the \$3,000,000 is dedicated funding for the Ogden PD project.

Salt Lake City requests that this matter be researched on an expedited basis, so that the use and allocation of this \$3,000,000 can be determined. In addition, it is requested that FBIHQ establish a policy with regard to future appropriations at the earliest possible time so as not to endanger FBI relationships with the numerous law enforcement agencies in the Salt Lake City area and to allow for a coordinated approach to security preparations for the Olympic Games.

BENNETT SECURES MONEY FOR OLYMPIC SECURITY SYSTEM IN OGDEN

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 09-08-2011 BY 60322 UC/LP/PLJ/JCF

WASHINGTON, D.C.— Senator Rob Bennett (R-Utah) secured \$3 million today for the improvement of protective and communication services in Ogden to meet the city's growing security demands in preparation for the 2002 Winter Olympic Games.

To assist efforts to develop a counter terrorism security plan and update northern Utah's communications infrastructure, Bennett, who sits on the Senate Appropriations Committee, included the money as part of the FY 1997 Commerce, Justice, State and the Judiciary Appropriations Bill, which passed the Committee today.

"With tens of thousands of visitors traveling through the area, Ogden's law and emergency agencies must be prepared with the proper technology," Bennett said. "The funds will help the state address the transportation needs of northern Utah, specifically during the Olympics. The appropriated finances will also aid the state in responding to emergencies, such as earthquakes and snowstorms. The proposed communications infrastructure will help tie all the various state, county, local and Olympic safety teams into a common system."

Along with six Olympic skiing events at the adjacent Snowbasin ski resort, Ogden is the site for the women's hockey medal rounds and has been designated as the communications base for northern Utah.

The legislation now awaits approval by the full Senate.

**Panel OKs Ogden funding
for anti-terrorism plan**

WASHINGTON — Ogden won some Olympic gold Thursday when the Senate Appropriations Committee approved giving it \$3 million to help develop an anti-terrorism plan and to update northern Utah's communication facilities for the 2002 Olympics.

Sen. Bob Bennett, R-Utah, a member of the committee, added the funding to the 1997 Commerce, Justice, State and the Judiciary Appropriations Bill, which now goes to the full Senate.

"With tens of thousands of visitors traveling through the area, Ogden's law and emergency agencies must be prepared with the proper technology," Bennett said.

"The appropriated finances will also aid the state in responding to emergencies such as earthquakes and snowstorms. The proposed communications infrastructure will help tie all the various state, county, local and Olympic safety teams into a common system," he said.

Ogden is the site for the women's hockey medal rounds, and the nearby Snowbasin ski resort is slated to host the downhill and Super G ski races.

Salt Lake City representatives have made contact with building management at 257 East 200 South, Salt Lake City, Utah, where the FBI office is currently housed. It has been determined that since the Salt Lake City FBI is the anchor tenant for the building complex, all that needs to be done for Salt Lake City to obtain additional building space is to furnish how much space is needed and when occupancy is desired and that space will be made available. Salt Lake City, at this point, is anticipating that approximately 10,000 additional square feet will be required to house FBI needs in a command post with appropriate skiff locations to be utilized for the 2002 Olympics.

Salt Lake City is aware that SSA [] NSD, is working with representatives of the 2002 Olympic Law Enforcement Executive Council, assisting them in obtaining funds from the terrorism bill to assist Salt Lake City in their preparation for the 2002 Olympics.

Salt Lake City requests SSA [] the Special Events Management Unit, and Atlanta advise Salt Lake City of any other projects or assistance which is being given to Salt Lake City representatives in connection with the 2002 Olympics. FBIHQ and Atlanta is requested to coordinate any future travel to Salt Lake City in connection with the 2002 Olympics with SSA [] []

Salt Lake City is also requesting that the Special Events Unit research and determine if housing is located rather it be in hotel, motel, or military facilities in the area, what will be required of FBIHQ and Salt Lake City to lock-up that space for the time period of the Olympics in 2002.

b6
b7C

Salt Lake City requests that Special Projects Unit advise Salt Lake City if there is any funds available to pay for the travel on the part of SSA [] and Acting SSA [] to travel to meet with FBIHQ representatives listed in this communication. It is also requested that FBIHQ see if there is a travel number or funds available for travel on the part of SSA [] Acting SSA [] SA [] SA [] SA [] to travel to Atlanta to meet with Atlanta Supervisor, Atlanta Case Agent, and representatives of their SWAT, Technical, Aviation, Logistics, Bomb Tech, and EOD representatives who were primary planners for the Atlanta Olympics.

Synopsis: Summary of Post Olympic Work Group conference, 11/19-20/96.

Details: Writer attended Post Olympic Work Group Conference hosted by Special Events Management Unit, Domestic Terrorism Section. The conference was also attended by representatives of federal, Georgia State, and Atlanta City agencies who served as planners for Olympics security and public safety. The conference objectives were to review the effectiveness of law enforcement during the planning and operational phases of the Olympics. Attached to this EC is a summary of the findings of the working group - prepared by [REDACTED] who served as moderator. Below is writer's list of notable conclusions voiced by state and local planners:

- - Federal government can bring finite resources to security even though 95% of investigative responsibility falls on FBI.

- - Department chiefs reluctant to get involved in decision-making process until 1/96.

- - FBI and impacted agencies should survey state and local department resources, operational capabilities and limitations to determine areas which will require assistance/supplementing.

- - Department planners should clearly define jurisdiction and roles and survey operational capabilities prior to developing plan of operation. Document respective roles.

- - Establish a policy/standard to apply in allocation of resources between departments.

Re: 185B-SU-43750 (Pending), 4/18/97

During the Law Enforcement Planning Committee meeting, the focus of attention was on the planning timetable as it related to the preparations for the 1996 Games in Atlanta, Georgia. SSA [] and SA [] were called upon to provide information and insight on their experiences in supervising the planning and management of the 1996 Games for the FBI. SSA [] and SA [] were able to relate necessary requirements for planning for the 2002 Games in the context of their experiences with such other Olympic Games as Barcelona, Seoul, Albertville, Lillehammer, and Los Angeles.

During the meeting, SSA [] and SA [] emphasized to the Law Enforcement Planning Committee that the overwhelming requirement for law enforcement at this stage of preparation is to galvanize their efforts and take steps to ensure that all law enforcement in Utah is committed to supporting planning efforts for this event. SSA [] advised the Planning Committee that their greatest responsibility over the next nine months will be to design a Law Enforcement Public Safety Planning Structure for the 2002 Winter Games. SSA [] urged that in order to design a plan that will work, it is paramount that the plan have the unanimous support of all involved agencies. SSA [] advised the committee that the best way to achieve this is to include all agencies that will have Olympic-related responsibilities in the planning process. However, a clear line of authority must be articulated. This should be achieved on the basis of venue site jurisdiction and personnel support responsibilities. An example is the current situation with the Ogden, Utah Police Department. This department will be involved in the Games in a support capacity, however they do not have an Olympic venue site located within their jurisdiction. The Utah Highway Patrol is another entity that will not be directly responsible for a venue site. However, their Olympic support requirements will have a crucial impact on the success of these Games.

b6
b7C

SSA [] stated to the group that it is critical for the Planning Committee to endorse a Public Safety Planning Structure prior to the 1998 Winter Games in Nagano, Japan. This must be accomplished to ensure that appropriate personnel will have the opportunity to visit Nagano and compare, examine, and validate the efficacy of their own plan for the 2002 Games. Also, the committee was educated as to the protocol process for sending visitors to Nagano.

b6
b7C

In addition to the above, the committee was informed of the current status of the Department of Justice (DOJ) Counterterrorism Fund appropriation of three million dollars to support Olympic security and communication infrastructure.

Re: 185B-SU-43750 (Pending), 4/18/97

Subsequent to this meeting SC Blitzer met with the Law Enforcement Executive Council to discuss recently enacted and proposed legislation to support the Olympic Games. In addition, SC Blitzer addressed pertinent counterterrorism concerns along with relevant Federal budgetary issues.

The final phase of meetings involved all FBI personnel involved in this matter at a gathering in the Salt Lake City FO to discuss the overall status of Olympic preparations and the present requirements for the FBI. Salt Lake City SAC Tom Kubic and SC Robert M. Blitzer presided over the meeting in which numerous issues were discussed. As a result, it was decided that it is imperative for FBI Salt Lake to take a strong and aggressive leadership role in assuring that law enforcement works together and that a Public Safety Planning Structure be designed and endorsed prior to the Nagano Olympic Games. It was further agreed that FBIHQ will engage DOJ and appropriate White House and Capitol Hill representatives in an attempt to secure necessary fiscal and legislative assistance. FBIHQ will also work closely with Department of the Army (DOA) representatives in an attempt to closely regulate and streamline Olympic security assistance and support.

SSA [] will continue to maintain a close working relationship with the Salt Lake City FO and the Law Enforcement Planning Committee by attending their monthly meetings. This will ensure that FBIHQ is fulfilling its requirement to support the Salt Lake City FO. This will also enable the FBI to monitor overall U.S. Government support for this event and ensure that an appropriate level of commitment is maintained.

Details: Captioned case was opened upon the announcement on 6/16/95, by the International Olympic Committee (IOC), that the 2002 Winter Olympic bid was awarded to Salt Lake City, Utah. In preparation for this event, the SU Division has taken a pro-active stance and has been intrinsically involved in numerous meetings and/or events in order to not only keep abreast of the early need for law enforcement planning for these games, but to also play a major role within local, state, and federal law enforcement circles in securing the FBI's mandated statutory responsibilities vis-a-vis PFO-SEM.

Re: 185B-SU-43750, 05/01/1997

Although not all inclusive, the following are some of the meetings/events in which SU Division personnel have been involved:

1. 2002 Olympic Winter Games Co-case Agents have been attending and actively participating in monthly law enforcement security meetings since early 1996.

2. Office management personnel have been attending and actively participating in monthly law enforcement executive council meetings and related activities.

3. Co-case Agents have attended: A) A pre-1996 Atlanta Olympic Security Conference (3/17-22/96); B) The 1996 Atlanta Olympic Games (7/25/96 - 8/6/96); and C) A post-Atlanta Olympics Work Group Conference (11/19 -20/96).

4. In addition, Division Agents and Supervisory personnel have met on several occasions with representatives from DT/CPS, NSD, FBIHQ, and the Atlanta FBI Division, working closely on FBI-related planning issues, as well as participating in Salt Lake City law enforcement security and law enforcement executive council meetings focusing specifically on planning and preparation for the 2002 Games.

5. Most recently, the visit between 4/7-11/97, to Salt Lake City, of FBIHQ and Atlanta Division representatives resulted in the decision that there is a critical and imperative need for FBI Salt Lake City to take a strong and aggressive leadership role in assuring that all law enforcement works together and that a public safety planning structure be designed and endorsed prior to the Nagano Olympic Games in 1998. This must be accomplished, and can only be accomplished successfully with strong Salt Lake City FBI leadership, to insure that appropriate personnel from the Salt Lake City law enforcement planning committee are prepared to take full advantage of the opportunity to travel to Nagano, Japan, both prior to and during the 1998 Winter Olympics. Such travel will allow committee members to compare, critique, evaluate, learn from, and solidify a sound planning structure which will be implemented during the 2002 Winter Olympic Games in Utah.

In view of the above, it is recommended that:

1. An Agent from the Salt Lake City Division be dedicated to the exploring, designing, and planning process currently underway, to insure that the best interests of the FBI are represented and protected. These are the first phases of a 2002 Winter Olympic Games 5 year plan that will also include testing, transition, and implementation.

2. SU Division Agent and management personnel, especially between now and the 1998 Winter Games in Nagano, take a strong and aggressive leadership role in this planning process, which will include direct active involvement in the planning of meetings in Salt Lake City, scheduled for 6/16-20/97, wherein Chief law enforcement officials responsible for planning and operations for the 1996 Summer Olympic Games in Atlanta, Georgia, will participate.

3. Representatives from the SU Division travel to Nagano, Japan in November, 1997, as part of the official Utah law enforcement delegation, to meet with law enforcement counterparts within the Japanese National Police (JNP) tasked with planning and preparation for the 1998 Olympic Games. (It should be noted that the proposed time frame of this visit is 11/17-26/97, and a request for official invitations from the JNP is currently being handled by the Legal Attache Office in Tokyo). Official travel and per diem costs for this trip should be charged to [redacted] when approved.

On 4/29/97, ALAT [redacted] Office of the Legal Attache, Tokyo, Japan, was telephonically contacted pertaining to the proposed visit of Salt Lake City officials to Nagano, Japan between 11/17-26/97. ALAT [redacted] advised that his office was currently aggressively pursuing the obtaining of official invitations from the JNP and that representatives from the Salt Lake City FBI office would be included among the official invitations if desired. ALAT [redacted] highly recommended representation from the Salt Lake City office, as the JNP are very protocol oriented and would look favorably on an exchange between JNP and FBI counterparts tasked with the planning and preparation for respective Winter Olympic Games.

On 5/13/97, SSA [redacted] met with SA [redacted] FBI Case Agent for the 2002 Olympic Winter Games. A number of issues were addressed with SA [redacted] primarily oriented toward establishing a working relationship. SA [redacted], who had managed the majority of the Olympic related planning matters for the Salt Lake Division, was recently transferred to FBIHQ.

185B-SU-43750-42

During these discussions, SSA [redacted] and SA [redacted] reviewed the current status of a number of issues relevant to the anticipated OLEPC docket for 5/14/97. Among issues discussed, was the mutual recognition of the need for the OLEPC to begin the formulation of a Public Safety Planning Structure for the 2002 Olympic Winter Games. 2002 Olympic Winter Games would contribute significantly to the ability of law enforcement to address planning requirements and insure that a strong and cohesive coordination is established between all involved agencies. In this regard, it is anticipated that a proposal will be submitted to Congress addressing the need for such a center and outlining a number of security planning support requirements to assist law enforcement in the development of a public safety and security plan for the 2002 Olympic Winter Games. This proposal will address each of these planning and preparation requirements and request specific funding initiatives to support this proposal. It is anticipated that this development plan to support law enforcement planning will represent the comprehensive needs of local, state and Federal law enforcement. Furthermore, this proposal will be the result of input received from FBI Salt Lake Division, local and state law enforcement representatives in Utah, law enforcement authorities responsible for the planning and operations of the 1996 Summer Olympic Games in Atlanta, Georgia, and the SEMU.

As FBIHQ is aware, while the Japanese authorities have expressed general support for both proposals, the number of visitors requested by FBIHQ and the SLCLEPC for both the pre-Olympic meeting in November [redacted] and the actual Olympics [redacted] is unsustainable, given the unique conditions relevant to Nagano. These conditions include lack of transportation, housing, administrative support mechanisms, and access to Japanese officials during the Olympic games.

Legat Tokyo has reviewed numerous potential options with embassy, [redacted] U.S. Olympic Committee personnel, and corporate sponsors already established in Nagano, with little success. Unfortunately, housing and work space options such as lease of apartments or office space are not viable due to the long term (6 months-one year) lease requirements currently prevalent in Nagano. The small number of available hotel rooms

Re: 80-TO-9025, 05/29/1997

in and around Nagano has been dedicated for some time. Housing (hotels) in Tokyo during the Olympics presents greater promise, but must be weighed against the approximate four hour round trip travel on the bullet train (not yet completed) between Tokyo and Nagano. Should housing become available at any location, however, it is clear that the Nagano Police officials are simply not prepared to administratively accommodate the number of participants requested. While FBIHQ is aware of and understands this situation, SLCLEPC representatives hopefully will come to appreciate that the position taken by the Japanese is not one necessarily lacking in commitment or willingness to support fellow law enforcement professionals. It is, however, based on a different philosophical approach to the games that is of reduced scale; de-emphasis of commercial success, and an overall lack of sensitivity for the complexity and demands of hosting Olympic games in the 1990's.

Having said all of the above, Legat personnel came away from this meeting with a general sense of accomplishment in that [] agreed to both proposed visits. Regarding the pre-Olympic meetings in November, TO has confirmed the following schedule with []

- 11/19/1997 (A.M.) Meetings in Tokyo (embassy [])
- 11/19/1997 (P.M.) Travel to Nagano
- 11/20-21/1997 []

b7D

- 11/22/1997 Return to Tokyo

Arrival and departure dates are left to FBIHQ and SLCLEPC discretion. TO strongly recommends that the combined FBI and SLCLEPC delegation be limited to a total of [] for this visit. This would allow for [] representative each from both Utah state and SLC local law enforcement, as well as [] FBIHQ and [] SLC Field Office representative. For FBIHQ information, added to this group of [] will be the Legal Attache, an [] escort officer, and a translator, for a total of []. Under the original request of [] a total number of [] for this visit is not possible. Nagano authorities volunteered that demands on their time in November would preclude official support for the delegation beyond 11/21/1997. Based on a previous trip to Nagano by FBIHQ and Legat personnel, two full days with Nagano officials are adequate to address issues of interest to the delegation. Additional (unescorted) time spent in Nagano remains at the option of delegation members.

[] For FBIHQ information,

Re: 80-TO-9025, 05/29/1997

the invocation of "informality" by Legat was instrumental to gaining approval for this visit. As a practical matter, this designation of informality will matter little in interaction with Japanese officials, but was important in their assessment of cultural and official obligations to the visiting delegation.

Regarding the delegation size during the actual Olympics. [REDACTED]

[REDACTED]

more realistic negotiating objective for TO is a total of [REDACTED] and possibly [REDACTED] total delegation members. Again, added to this number would be a member of the Legat (on a temporary basis), [REDACTED] and a translator. As SSA [REDACTED] is also aware, the support structure required to officially sponsor, house, and transport a delegation of [REDACTED] in Nagano during the actual games does not currently exist. in administration**

After 23 years as a senior budget administrator, Vice President Tony Morgan, Budget and Planning, has announced that he will resign the vice presidency, take a year leave of absence, and return full time to faculty responsibilities in the Department of Educational Administration.

On July 1, four deans will also be leaving office: James Gosling, Division of Continuing Education (DCE); Robert Olpin, College of Fine Arts; Benny Rushing, College of Science; and Walter Stevens, School of Medicine. DCE will no longer have a deanship, but will instead report to Clif Drew, associate vice president for instructional technology and outreach. Drew will appoint an officer for day-to-day operations of DCE. Phyllis Haskell, chair of the Modern Dance Department, will be appointed dean of the College of Fine Arts. Replacements for the other deans have not yet been announced.

***Early-start calendar
wins nod for
coping with Olympics***

In 2002, spring semester will start right after New Year's Day, take a three-week hiatus during the Winter Olympics (but not a spring break) and conclude in early May, about the usual time. The three-week pause will be managed just like a spring break—the University will remain open, but no classes will be held. Libraries and other services will remain open, and staff will work normal hours, except for whatever special needs are created by the Olympics themselves. The calendar was adopted by the Board of Trustees, acting on the recommendations of the Academic Senate and Olympics Oversight Committee.

The Senate accepted the view that the other calendar options are fraught with problems. Running classes during the games would be impossible. Starting school after the games and running an "accelerated" short semester would require either Saturday classes or longer class periods. A full-length spring semester after the games would preclude a summer term.

The start-early calendar is made possible by a major change in plans for the Athletes' Village—HPER will *not* be included within the village security fence after all. (The calendar is contingent on this change.) The oversight committee report says that renovated areas of Fort Douglas will be used instead for the recreational facilities for athletes that had been planned for HPER.

**Olympic challenges
take shape as
planning continues**

At the Academic Senate discussion of how to schedule around the 2002 Winter Olympics, Wayne McCormack, coordinator of Olympic planning, emphasized that the event will present numerous opportunities for University involvement. However, he also identified three concerns that will have to be addressed: (1) parking for the campus community before and during the games, (2) housing for students displaced while athletes use the residence halls, and (3) the break in continuity of instruction.

Olympics-related parking difficulties will begin in December 2001, when the Rice Stadium and Guardsman Way parking lots become staging areas for the opening and closing ceremonies. During the games, the parking east of HPER and the Huntsman Center will be within Olympics security fencing, and thus unavailable for University use. (Plans are being formulated to provide frequent shuttle service from replacement parking facilities, probably in a variety of locations.)

McCormack said students from the residence halls will be placed in local residences during the games. They will move out during the holiday break, and athletes will begin to arrive Jan. 26. As for academic momentum, this can be maintained to some extent by asking students to do an assignment during the break for the Olympics that will keep their minds on the material, McCormack suggests.

**Training will cover
federal mandate for
uniform accounting**

Training sessions on the new federally required Cost Accounting Standards will be held Thursday, May 29 at 9 a.m. in the School of Medicine Classroom B and again at 2 p.m. in the Union Theater. Robert Glass, director of Sponsored Projects, says the requirements mandate a uniform accounting system for all restricted accounts and modifications to the Official Document Summary Sheet, all of which will be explained in the training. The sessions are sponsored by Sponsored Projects, Governmental Accounting, and Research Accounting.

Details: In February 1998 Nagano, Japan will host the XVIII Olympic Winter Games. This event will be the final opportunity to observe the planning and operations associated with a Winter Olympics prior to the 2002 Olympic Winter Games in Salt Lake City, Utah. In resonse to the law enforcement requirements and planning associated with the 2002 Olympic Winter Games, it was the decision of the 2002 Law Enforcement Planning Committee to endorse the official visit, to Nagano, Japan, of a selected group of 2002 Law Enforcement Planning Committee representatives. The objective of this group, which is composed of local, state and federal law enforcement agencies, is to gain an understanding, familiarity and appreciation for the magnitude of the level of planning and associated preparations for the Olympic Winter

It is anticipated that the opportunity to visit Nagano in November 1997 will greatly assist this committee with their Olympic planning responsibilities and also promote an opportunity to exchange pertinent ideas and initiatives in the goal to address all public safety and security planning requirements for this event. In addition, it is the intention of this group to return to Nagano during the Games and observe "first hand", the law enforcement and security operations supporting the Winter Olympics in Nagano.

Legat [redacted] further stated that all efforts to secure local accommodations in Nagano for the Olympics have met with negative results and that the likely alternative would be to reside in Tokyo and commute daily from Tokyo to Nagano via bullet train. Legat [redacted] speculates that round trip daily travel will be approximately 4.5 hours. Legat [redacted] indicated that travel reservations on the bullet train may also be a problem during the Olympics. Lastly, Legat [redacted] advised that discussions with [redacted]

RE: Revised Draft of Proposed Legislation

Dear Committee Member:

Attached is the revised draft of the proposed bill on Government Relationship to Olympic Events which was reviewed and discussed at the meeting of the committee on August 14th. More specifically, I made the following changes.

- Page 4, Line 22: Moved "Utah Sports Authority . . .", and added after "and": "for the purposes of this Act,"
- Page 5, Line 2: Added after "including": "for the purposes of this Act,"
- Page 5, Line 7: Delete subparagraph (13).
- Page 6, Lines 7-8: Added after "business.": "All members are voting members."
- Page 7, Line 13: Added after "(2)": "Unless authorized by the command,"

The change to page 6, lines 7-8, was not discussed during the meeting, but was discussed and recommended by the subcommittee, and I failed to include it in the July 29 draft. I apologize for the omission, and hope that it doesn't create any problems. I did not add "Utah Air National Guard" on page 8, line 6 because in a subsequent discussion with the National Guard, they told me that "Utah National Guard" includes both the Army and Air Guards. Furthermore, they verified that the Deputy Adjutant General is the proper individual to be included on the command.

Very truly yours,

Mark L. Shurtleff
Assistant Attorney General

Law Enforcement Executive Council
2002 Winter Olympics
c/o Chief Ruben Ortega
Salt Lake City Police Department
315 East 200 South
Salt Lake City, Utah 84111

Dear Council Members:

Though I have spoken to some of you regarding my new assignment for Park City, I need to take this opportunity to correct some impressions created by the media which may not accurately reflect my new duties. Contrary to popular opinion, I have not died or resigned from my employment.

The Mayor and City Council recently asked to consolidate our Olympic related activities into a central office which would manage all city services, facilities and resources, public affairs, and public safety and security. Since security and public safety are the largest focus of that effort, it makes sense to manage that office through the Police Department. Since I have the most experience and have developed at least a limited expertise in Olympic activities based on our continuing work with past Olympic venues in Europe, Calgary, and Atlanta, it also makes some sense to have me manage that office. Thus, I volunteered for the assignment, and the council has enthusiastically endorsed the plan.

I was not willing to do what will soon be full-time Olympic work and continue to manage the public safety services for the city (I am also involved with fire and EMS services) as both efforts would certainly suffer. Therefore, it was decided that I would step aside from the day to day management of the department and Deputy Chief Lloyd Evans would take over. For him to be successful, it did not make much sense to have him serve in an "acting" capacity for what will be several years. He will thus assume full command of the department as Chief of Police.

However, my role will continue as a law enforcement officer, serving at department head level within our city government, with the primary mission of planning our local public safety and security effort directed toward the Olympics. I will maintain my law enforcement credentials, operate my office as a division of the police department, and be budgeted through the police department. I will serve directly under my city manager in a policy making capacity. It is similar

to the Research and Development Offices frequently created within police departments back in the days when we were all managing LEAA grants. My first task will be the development of a comprehensive master plan for city services, safety, and security, and a community vision for the Olympics.

All this is a long way of saying that, unless asked to do so by the Executive Council, I do not plan to resign from the committee. Since I have been appointed by the City Council to represent the public safety and security interests of Park City in a policy making capacity, and have the additional responsibilities of managing other city services as well in the context of the games, it makes sense that I continue to participate and vote on policy related issues as they arise. In fact, I will now have some additional time to devote to assisting the committee with policy direction, legislation, and whatever representation you may feel valuable. My participation on the EC is one of the reasons we are operating our Olympic planning office out of the Police Department.

Chief Evans and I have had a close working relationship for more than 15 years, and we anticipate an even closer relationship as the games approach. He wishes to remain involved in Olympic related decision making affecting our community and may periodically attend EC meetings as the agenda dictates. It is our goal to consolidate staff time related to meetings so that we do not all attend every meeting. We have not yet arrived at a strategy for representation on the Planning Sub Committee, but we may both end up attending meetings as necessary.

I have attached organizational charts showing how I fit within the police department and city government. We do not yet have a date when this change will take affect, though it is safe to say it will happen sometime this summer.

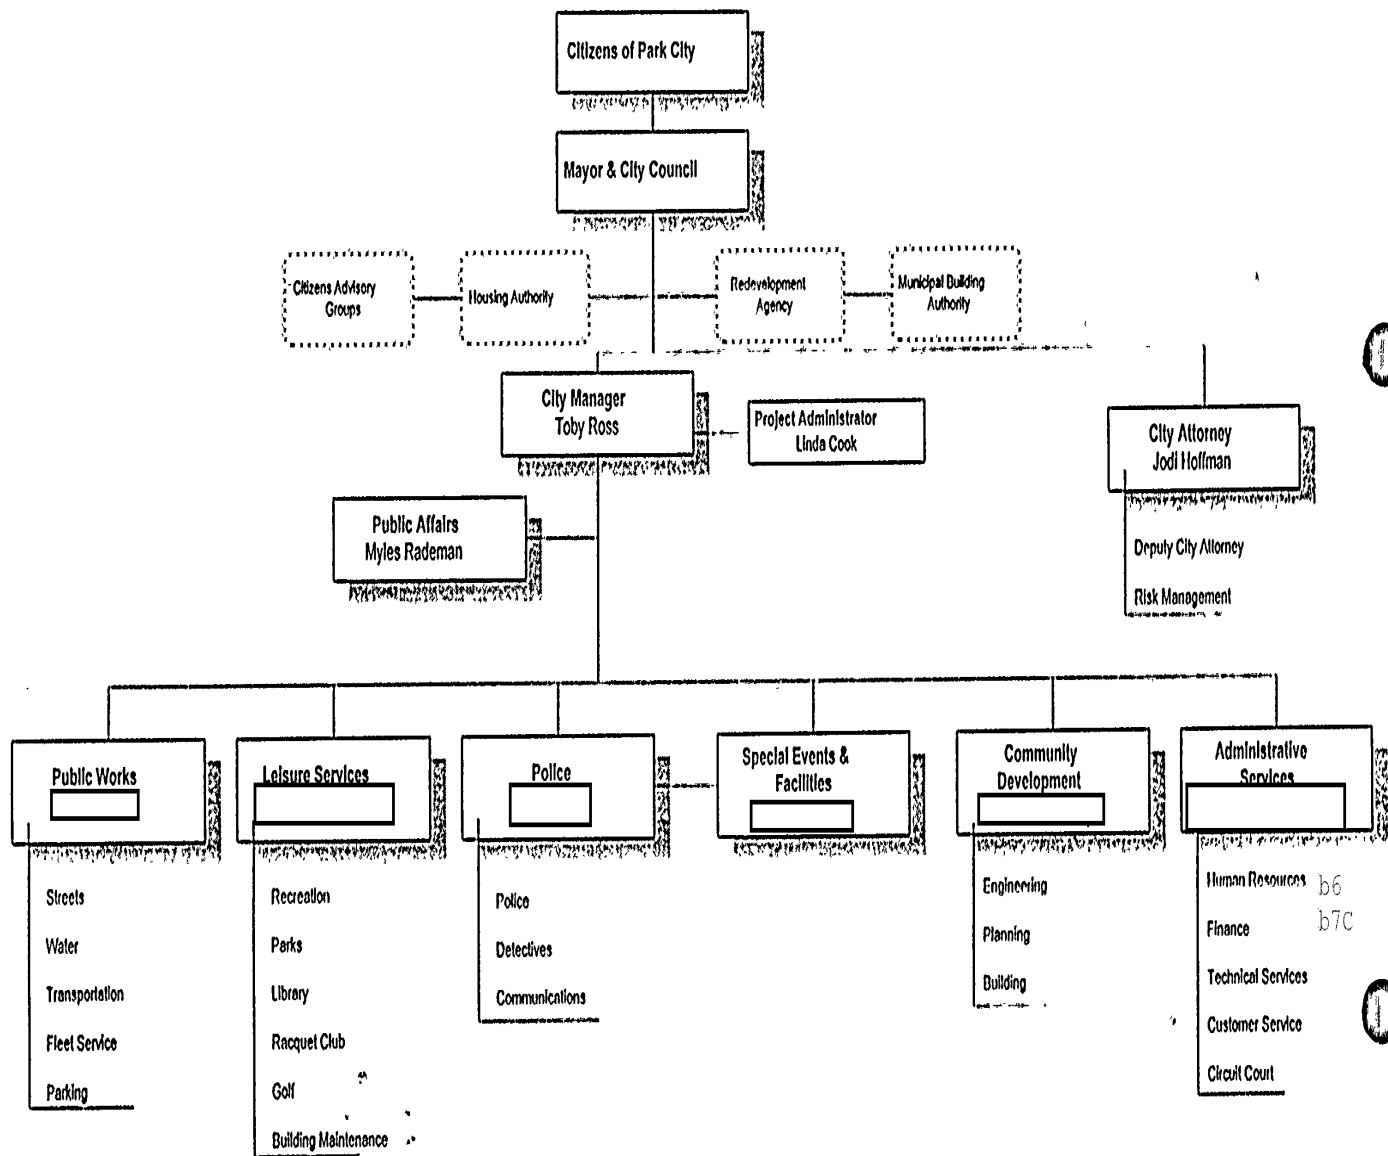

I appreciate your understanding and patience during this reorganization. Should you have questions or concerns about this change, please feel free to call.

BOB, I RECIEVED A CALL FROM CRAIG DEARDON ON FRIDAY 9/26/97 INQUIRING INTO THE POSSIBILITY OF CHANGING MY SCHEDULED VISIT TO SALT LAKE FROM THE WEEK OF OCTOBER 6-10 TO OCTOBER 20-24. APPARENTLY CRAIG HAS RECOGNIZED THAT THE PLANNING COMMITTEE IS DRAGGING THEIR FEET ON DESIGNING THE PUBLIC SAFETY PLANNING STRUCTURE FOR THE 2002 GAMES AND WOULD LIKE TO ARRANGE A BLOCK OF TIME OVER THE COURSE OF A TWO DAY PERIOD, AT WHICH TIME FACILITATORS WITH SPECIAL EVENTS KNOWLEDGE AND EXPERIENCE WOULD GUIDE THEM THROUGH THIS PLANNING STRUCTURE PROCESS. I TOLD CRAIG THAT I AM NOT IN A POSITION TO CHANGE MY SCHEDULE BECAUSE OF PRIOR COMMITMENTS BUT I WOULD BE AVAILABLE TO PROVIDE ANY HELP I COULD DURING THE WEEK I AM SCHEDULED TO BE OUT THEIR FOR THE PLANNING COMMITTEE MEETING SCHEDULED FOR OCTOBER 8. CRAIG WILL BE GETTING BACK TO ME IF HE IS ABLE TO ADAPT THIS PROPOSED PLANNING WORKSHOP TO MY SCHEDULE. IF THIS IS DOABLE I WILL NOTIFY SALT LAKE TO COORDINATE WITH THEM AND MAKE SURE THIS IS OK WITH TOM KUBIC. [REDACTED]

PFO-SEM

Synopsis: To provide details of an October 1, 1997, U.S. Department of Transportation meeting concerning planning for the 2002 Salt Lake Winter Olympics and tentative dates for an initial joint FBI/FAA Olympic planning survey of Salt Lake International Airport.

Reference: 185B-SU-43750 Serial 48

Details: As Salt Lake Division is aware, FBIHQ has been involved in coordinating Olympic planning activities with other U.S. Government agencies. On October 1, 1997, personnel from the U.S. Department of Transportation (DOT) met in Denver, Colorado to review DOT planning for the 2002 Winter Olympic Games. DOT representatives from the Office of the Secretary (OST); Federal Transit Administration (FTA); Federal Highway Administration (FHWA); Federal Aviation Administration (FAA); Federal Railroad Administration (FRA); and, National Highway Traffic Safety Administration (NHTSA) attended the meeting.

Each DOT modal administration agreed to develop a paper addressing what technical assistance and resources their administrations would be able to provide to the 2002 Winter Olympic Games. These papers will be forwarded to DOT Headquarters in mid-November 1997. Pertinent information will be coordinated with [REDACTED] DOT Representative to the FBI Domestic Terrorism/Counterterrorism Planning Section and forwarded to the Salt Lake Division.

Subsequent to the DOT meeting [REDACTED] met separately with [REDACTED] Regional Administrator, FTA - Denver. The

Re: 185-SU-43750, 10/08/1997

purpose of this meeting was to determine the status of the Utah Transit Authority (UTA) request for the U.S. Army Corps of Engineers to review the plans for the proposed Salt Lake City light rail system. As discussed in referenced EC, FTA - Denver and UTA requested a counterterrorism review of the design of the light rail system. It was their opinion that should counterterrorism experts identify any security concerns in the system's design, vis-a-vis the use of system during the Olympics, it would be easier to modify the system's design now, rather than after the system is built. [] advised that a letter formally requesting the review had been received from UTA on September 30, 1997. The letter will be reviewed by FTA - Denver and then forwarded with an endorsing recommendation to FTAHQ - Washington, D.C. for coordination with FBIHQ and the Department of Justice.

b6
b7C

On October 2, 1997, [] met with [] Manager, FAA Civil Aviation Security Field Office, Denver to coordinate plans for a joint FBI/FAA visit to Salt Lake International Airport. The purpose of this visit, which is tentatively scheduled for November 12-14, 1997, is to discuss aviation-related Olympic planning initiatives with [] Airport Security Coordinator, Salt Lake City Airport Authority. Salt Lake Division personnel are invited to participate in the November meetings with FAA and Salt Lake City Airport Authority personnel.

FBIHQ and DOT personnel appreciate the continuing support provided by Salt Lake City Division personnel in preparing for the 2002 Winter Olympic Games.

Title: 2002 UTAH WINTER OLYMPIC GAMES
SALT LAKE CITY DIVISION
PFO-SEM

Synopsis: Between November 10-16, 1997, the Salt Lake Organizing Committee (SLOC) for the 2002 Winter Olympics, will organize a security and transportation related trip for law enforcement and transportation officials to Nagano, Japan to receive briefings by Nagano Olympic Officials on security planning and other initiatives required to manage the Winter games in 1998. SAC Salt Lake City anticipates traveling with this group and requests that travel be approved along with authorization for business class travel upgrade.

Details: The impact of the Olympics on transportation and security operations is significant to local, state, and federal government. It is critical that a basic understanding of the challenges be identified early by learning from other Olympics. Nagano will be the last Winter Olympics prior to Salt Lake and the last opportunity for government officials to learn first hand the challenges they will face. Nagano has offered to host our government officials and address the planning and other initiatives required to manage the games.

In view of the above, SLOC is organizing a trip to Nagano, Japan composed of heads of law enforcement agencies from local, state, and federal agencies as well as senior transportation officials representing local, state, regional, and federal administrations. The trip is tentatively scheduled between November 10-16, 1997, and will include the Utah Commissioner of Public Safety, and several Chiefs of Police and Sheriffs that will have Olympic venues within their respective areas during the 2002 Games. Other heads of federal law

enforcement agencies in Utah as well as Department of Defense (DOD) officials having major event security responsibilities are scheduled to be a part of this delegation. SLOC is also making contact with the White House and DOJ regarding this trip.

According to SLOC organizers, Salt Lake is facing a similar event challenge and our people will be interested in hearing about both what the Japanese are doing and how they decided on the systems they have put in place. What problems have they encountered? What special equipment needs have they foreseen? What differences have they discovered in planning security and transportation for a cold weather/snow based event versus planning for summer games? SLOC is planning for an environment where our people can learn from what the Japanese have learned and hopefully be brought into their thinking/decision making process.

SLOC officials traveling will include the Director of Transportation and the Vice President for Federal Relations. SLOC has not yet named a Director of Security.

In response to the request of the FBI by SLOC, and by local and state law enforcement in the state of Utah, to participate in this security/transportation trip, Salt Lake City Division SAC Thomas T. Kubic is anticipating travel with the delegation. Therefore, it is requested that SAC Kubic's travel be approved and funded from the FBIHQ budget for the 2002 Winter Olympics and that Salt Lake City be advised of the Travel Authorization (TR) number to which official travel and per diem costs should be charged. As it is expected that the scheduled flight time will be 14 hours or more, a business class upgrade will be pursued. It is also requested that U.S. Department of State (USDS) be contacted for country clearance in regard to SAC Kubic's travel.

The proposed itinerary provided by SLOC for this trip is as follows:

Travel to Tokyo, Japan

Tuesday, November 11, 1997

Synopsis: Tactical team organization proposal.

Details: SA [REDACTED] attended the November meeting for the Utah SWAT Association and was approached by several members requesting information and direction concerning the 2002 Winter Olympics. The tactical leaders present were looking at the FBI taking a leadership role in the organization of tactical teams involved with the olympics.

SA [REDACTED] telephonically contacted Atlanta FBI SWAT Team Leader [REDACTED] in regards to questions concerning the Atlanta Summer Olympic Games. SA [REDACTED] advised that the Atlanta FBI took a leadership role in the organization of an olympic tactical sub-committee of which he was the elected chairman. This sub-committee was invaluable in the organization of the tactical response MOU as well as overall liaison between the tactical teams. SA [REDACTED] advised that he would be available to give an overall briefing on the tactical coverage of the Atlanta Summer Olympic Games to the Utah SWAT Association.

SA [REDACTED] also telephonically contacted SSA [REDACTED] SWAT Training Unit (STU), FBI Academy, concerning the possibility that the Critical Incident Response Group (CIRG) would send a representative from their unit as well as representatives from the Atlanta Division to Salt Lake City for a pre-olympic tactical operations briefing. SSA [REDACTED] advised that the Salt Lake Division is in his designated region for SWAT training and he would be available to give an overall briefing on the logistics involved with tactical coverage of the olympic games.

It is requested that the Salt Lake City Division take an early leadership role in the area of tactical organization and response by sponsoring a pre-olympic briefing for all tactical teams involved. This briefing would be hosted by the division and would include presentations on the Atlanta Olympics by CIRG, Atlanta SWAT, and the Special Events Management Unit, FBIHQ. Representatives could give an overview of the tactical operations for the 1998 Winter Olympic Games at Nagano, Japan. The proposed name for this committee could be the SALT LAKE OLYMPICS TACTICAL OPERATIONS COMMITTEE (SLOTOC).

Title: GOVERNMENT RELATIONS TO OLYMPIC EVENTS,
DRAFT LEGISLATION, 1998 GENERAL SESSION,
STATE OF UTAH

Synopsis: To request Office of General Counsel (OGC) comments on draft legislation likely to be introduced at the next session of the Utah State Legislature.

Enclosures: Copy of a draft bill for the 1998 Utah State Legislature entitled "Government Relationship to Olympic Events."

Details: On 11/20/97, Utah State Commissioner of Public Safety Craig L. Dearden furnished the SAC, Salt Lake City with a copy of a draft bill likely to be introduced during the 1998 General Session of the Utah State Legislature. The bill, entitled "Government Relationship to Olympic Events," establishes a Utah State Olympic Public Safety Command, defines the powers of the Command, provides for an Olympic Law Enforcement Coordinator, and specifies the powers of the Coordinator. The local SAC of the BATF and FBI are members of the Command.

For the further information of OGC, an earlier version of this bill met with opposition from a number of Chiefs of Police in Olympic venues because it gave the Coordinator authority to supervise peace officers assigned to the Olympics from all political subdivisions of the State of Utah. The current draft merely states the Coordinator shall "oversee state law enforcement and public safety agency activities," as well as "coordinate" with federal peace officers.

OGC comments and observations on this draft legislation are being requested. Salt Lake City Division's Chief Division Counsel has reviewed this draft bill and finds nothing unacceptable in the language of the bill.

Dear Commissioner Dearden:

On November 20, 1997, you very kindly furnished me with a copy of a draft bill entitled, "Government Relationship to Olympic Events" establishing a Utah State Olympic Public Safety Command. As defined in the bill, the SAC of the local offices of the FBI and BATF are members of the command.

I have taken the liberty of forwarding a copy of the proposed bill to the Office of General Counsel (OGC), Federal Bureau of Investigation, Washington, D.C., inviting their comment.

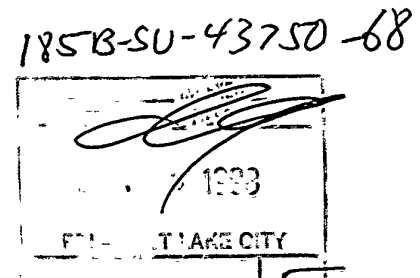

I have been advised by OGC that, in the interest of diplomacy, it would be appropriate if the FBI and BATF SACs were described (Part 2, 53-10-201[d] [line 9]) as follows: "The local Special Agents in Charge of the Bureau of Alcohol, Tobacco and Firearms and the Federal Bureau of Investigation as ex officio members." Likewise, (53-10201[4] [line 15]) would be amended to read, "A majority of the members constitutes a quorum for the transition of business. All members are voting members, including the ex officio representatives of the BATF and FBI."

These changes, it is suggested, would preclude the possible misimpression that the respective SACs had been designated as state officials. Likewise, the changes would preclude the erroneous inference and presumption that federal law enforcement officials were assuming authority or otherwise exercising the powers of state officials.

On 2/17/98, AASAC [REDACTED] met with [REDACTED] Executive Director, Housing Authority of Salt Lake City, 1776 South West Temple, Salt Lake City, Utah 84115, (801) 487-2161, and [REDACTED] State Coordinator, U.S. Department of Housing and Urban Development, regarding housing issues for the 2002 Winter Games.

[REDACTED] works within the community to fund, remodel, and lease low income housing. She is active in the "Weed and Seed" Program. She actively supports the SLCPD and their community policing program. In this capacity, she makes low income housing available to law enforcement for housing and operational utilization. She is responsible for the management of numerous pieces of rental property.

[REDACTED] approached the FBI to ascertain our interest in committing to housing underwritten by U.S. Department of Housing and Urban Development. If the FBI would, for example, commit to a six-month to a year lease, she could finance the purchase of a new building which would then be converted to low income housing at the conclusion of the Olympics. In other words, our commitment, at prevailing market rates, would assist in the financing of additional real estate.

The benefits to the FBI are that we could obtain a central building, within walking distance to the office, which we could use to house all our staff during the Olympic period. This would result in considerable savings and would also enhance control and communications by having all critical components centrally housed.

In addition, we should consider use of [] and the Housing Authority of Salt Lake City when we are contemplating the need for a Group II off-site residence. Such housing could be obtained from [] virtually gratis.
